COLLEGE OVERVIEW

CAMPUS MAP

Parking
Umpqua Community College provides ample parking spaces near and around all campus buildings. Students may park in any space, except for staff (green) and visitor (white) and those reserved for persons with a disabled person parking permit, which are marked in blue with signs. Stickers and placards required to park in disabled parking spaces are issued by the Oregon Division of Motor Vehicles. Please note that traffic citations will be issued for improperly parked vehicles. For more information, go to www.umpqua.edu/parking.

Affirmative Action: It is the policy of Umpqua Community College to provide equal educational and employment opportunities and to provide service benefits to all students and employees without regard to sex, race, color, religion, national or ethnic origin, age, sexual orientation, marital status, disability or any other status or characteristic protected by applicable state or federal law. This policy is in accordance with the laws enforced by the Department of Education and Department of Labor, including Presidential Executive Order 11246, as amended by the Civil Rights Act of 1991, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Acts of 1974-75, the Americans with Disabilities Act of 1990 and Oregon Revised Statute 659.030. Inquiries regarding application of these and other regulations should be directed to the College’s Human Resources Office 541-440-4626, the Office of the Vice President for Administrative Services 541-440-4631, the Office of Civil Rights, Department of Education Office, Seattle, Washington; or the Office of Federal Contract Compliance Programs, Department of Labor, San Francisco, California.
UCC’s Automotive Technology Program provides the skills and technical knowledge needed for entry-level positions as an auto technician. The program is accredited by the National Automotive Technical Education Foundation. Various certifications in diagnostics, wheel service and precision measuring are offered through a partnership with the National Coalition of Certification Centers (nc3) and Snap-on Technical Education. Internships at various automotive dealerships and automotive repair shops are available. This program strikes an effective balance between time spent in the classroom and as an intern on a worksite.

Two of the highly specialized certifications that go beyond the general automotive program are the Mopar® CAP LOCAL and the T-TEN programs.

When students complete the program, they are available for full-time employment with the sponsoring dealer.

Contact John Blakely, Department Chair Automotive/T-TEN/Welding to learn more about UCC’s Automotive Technology Program and the options that can drive you toward a successful and challenging career.

MOPAR® CAP LOCAL PROGRAM
To meet new demands in technology, the Mopar® CAP LOCAL program at UCC is constantly seeking candidates who have a strong aptitude for mechanical and electronic technology as well as a desire to succeed.

Getting involved in the Mopar® CAP LOCAL program at UCC is an excellent career choice.

UCC T-TEN PROGRAM @ UCC
The goal of the T-TEN program at UCC is to train future automotive technicians to work for Toyota dealer service departments. The T-TEN standard requires student technicians receive two years of training that is divided between technical college classroom/lab education and an internship with a Toyota dealer. The T-TEN program requires each student to be sponsored by a Toyota dealer before entry into the program. The student works at the dealership in a paid internship position for approximately one-half of the T-TEN training program.

When students complete the program, they are available for full-time employment with the sponsoring dealer.

Contact John Blakely, Department Chair Automotive/T-TEN/Welding to learn more about UCC’s Automotive Technology Program and the options that can drive you toward a successful and challenging career.
