Want a strong start with smaller classes and lower tuition — close to home?

Now, you can take lower division collegiate courses anytime, anywhere! Literally!

UCC’s “anytime, anywhere” schedule for the Associate of Arts Oregon Transfer degree allows you to earn an AAOT online or in the evening, either exclusively or in combination, in four years (for students taking a minimum of eight credit hours per term).

Of course, these classes are still available during the “day”; students who take courses online or in the evening may take others during the day.

With UCC’s anytime, anywhere online and evening schedule, you begin a four-year degree even if work or family considerations make coming to the Roseburg campus difficult or impossible — And you still get the same small classes, individual attention from great instructors and low tuition.

What could be more convenient?

Visit the Transfer Education section of this schedule for more information.

More than two-thirds of all Douglas County adults over the age of 18 participate in a class, event or activity at UCC annually.

THE COOLER AIR OF FALL AND THE beautiful colors found on the leaves bring us energy and stimulation, and I hope motivates us to reflect upon the future direction of Umpqua Community College. A future direction that will be student-centered, enhances the greater good of the community, and improves the quality of life for our economically diverse and widespread citizenship.

Over the summer I began a “feedback campaign” I hope to continue into the foreseeable future. The ideas, suggestions and information received will assist me in moving the campus forward and defining our future direction. It will assist me as I meet with state legislators to ensure we both maintain and receive our region’s share of available financial support and resources.

UCC’s enrollment has been on the rise in recent years, but I anticipate the return to a more normal growth pattern in the near future. It is even quite likely we will experience some decline as our country’s economy, as well as our own, struggles to recover financially. Many factors influence enrollment numbers and I do not believe a decline in UCC enrollment, should it occur, is a reflection on the quality of education we offer or the services we provide our students and our community.

UCC’s administration performs at an optimum level and strives to focus on student services. However, there is always room for improvement and we will continue our practice of evaluation and adjusting to meet the needs of our community. I am grateful for and appreciate the energy, imagination and commitment of our faculty and staff and welcome our newest members to this hardworking group.

More than two-thirds of all Douglas County adults over the age of 18 participate in a class, event or activity at UCC annually. My hope, with your input and direction, is to increase this percentage dramatically in the upcoming years. It is my responsibility, in partnership with you, to determine what classes, events and activities will be of benefit and of interest. We must work together to determine how best to spend our funds now and in the future, whether it be for college transfer, small business, agri-business, workforce development, high school diploma completion, English as a second language, fire science and green technology study, culinary arts and winemaking for a growing southern Oregon hospitality industry, fine and performing arts, automotive repair or allied health occupations.

UCC’s administration performs at an optimum level and strives to focus on student services. However, there is always room for improvement and we will continue our practice of evaluation and adjusting to meet the needs of our community. I am grateful for and appreciate the energy, imagination and commitment of our faculty and staff and welcome our newest members to this hardworking group.

GETTING REGISTERED

REGISTRATION IS AVAILABLE FOR ADMITTED, ENROLLED AND RETURNING STUDENTS ONLINE OR IN PERSON.

Please refer to pages 27-33 in this Schedule of Classes, which provides additional information with regard to dates, tuition rates, policies and academic regulations. The following is a suggested checklist for students to complete their registration:

- Update your student record with the Registration Office if your name, address, phone number and/or program of study have recently changed.
- Review your education path with an advisor in the Advising and Career Service Center.
- Review the current Schedule of Classes and select the courses you wish to register for.
- Clear outstanding debt or prior term balances with Student Accounts.
- Register online or in person at the Registration Office.
- Make arrangements for payment with Student Accounts.

GETTING STARTED

IF YOU ARE NEW TO UCC, WE RECOMMEND THE FOLLOWING STEPS TO GET YOU OFF TO A SUCCESSFUL START:

1. Complete an Application for Admission (page 95) and return to the Admissions office by mail, fax, online at www.umpqua.edu, or in person at Campus Center (with $25 application fee).

2. Submit a Free Application for Federal Student Aid (FAFSA) at www.fafsa.gov by April 1 for priority consideration. The FAFSA is the federal application for financial aid, but it is also used to apply for aid from other sources, such as your state or school. Students seeking financial aid will need to contact the Financial Aid office on campus if assistance is needed.

3. Students who have completed coursework at another college or university and are seeking a degree, must submit official transcripts from the previous schools.

4. Take the college placement tests (or have your SAT/ACT scores evaluated at the Advising and Career Service Center located in the Campus Center. Students who have official transcripts which demonstrate a grade of C or better in a college course in writing or math may not be required to take the placement test. Placement test scores are good for one year. Please call 541-440-4610 for available times.)

5. Meet with an advisor in the Advising & Career Service Center to map out your education. Your adviser can assist you whether you are undecided, want to go on to a four-year college and graduate school, if you want an AA degree or one-year Certificate or if your plans change after you start at UCC.

6. Review the college catalog and this Schedule of Classes to become familiar with important dates, policies, procedures, rights and responsibilities.

7. Attend New Student Orientation.

Tuition and Fees for Fall Term may be paid in one of the following ways:
1. Payment in full or online payment plan by September 20.
2. Approved Financial Aid.

REFUNDS

Credit Tuition Refunds

Students who withdraw from one or more UCC courses and who have complied with regulations governing withdrawals are entitled to certain refunds of tuition depending on the time of withdrawal. Refunds are limited to students who comply with withdrawal procedures. See Withdrawals in the college catalog on the website at www.umpqua.edu/academiclink.htm. Full tuition is refunded if withdrawal is made during the first week of fall, winter, spring and FALL quarters. For courses meeting less than 10 weeks the refund is prorated by the Registrar. No tuition refund will be made if withdrawal is made after these times. Refunds in all cases are calculated from the date refund is requested. It is not calculated from the date a student ceases to attend classes. The only exception is in an unusual case where delay occurred for reasons beyond the student’s control. Students will receive full tuition refunds for courses cancelled.

With exception of students paying by credit card through Sallie Mae, all refunds
Comics in American Culture

GENERAL INFORMATION

would be issued in the form of check payable to the student regardless of the original form of payment or who paid for the course. If the third party sponsored agreement is set up with Finance Office, refunds will be issued in the form of check to a third party.

Consequences for Not Paying

If you fail to pay your account, the college may take any or all of the following actions:

- Require immediate payment in full
- Block enrollment for any future terms
- Decline to provide official transcripts
- Turn accounts over to a collections status for non-payment after three months*
- Garnish Oregon State Tax Return

*Students will receive a final notice for accounts that are overdue before the college assigns them to a collection status and reports them to a credit bureau. The collection agency will add additional collection fees, court and attorney costs to account.

Past Due Accounts Assigned to a Collection Status After Three Months

Accounts will be turned over to a collections status for non-payment after three months. Students will receive a final billing statement for accounts that are overdue before the college assigns them to a collection status and reports them to a credit bureau. Failure to maintain a correct address with registration will result in your account going to collections status if unpaid.

Past Accounts must be Paid at the Assigned Collection Agency

Students are not able to make payments to UCC for past-due accounts that have been assigned to a collection agency. Students wishing to pay off outstanding debts to UCC will be referred to the collection agency responsible for their account and will need to make payment in full to that agency. Students who have paid their accounts in full with the collection agency will not be able to register or have a transcript released until UCC receives the funds from the collection agency and the UCC account balance has been completely cleared. Payments from collection agency can take eight weeks to reach UCC. No exceptions will be made to allow a student to register or receive an unofficial or official transcript until the account shows paid in full status.

FINANCIAL AID

There are four major types of aid: grants, scholarships, student loans, and work-study. Grants and scholarships do not require repayment. Loans require repayment with interest. Work-study requires that the student accept a job placement and perform work responsibilities to receive a monthly paycheck. Students receiving funds are required to be enrolled in classes and must meet the financial aid Satisfactory Academic Progress Policy. Copies of this policy are available online at http://www.umpqua.edu/formPubs/finaid.sap.pdf. Students must apply for financial aid every year by filling out the Free Application for Federal Student Aid (FAFSA). The FAFSA may be submitted as early as January for the following academic year beginning with the FALL term and ending with the spring term. In general, it is best to apply as early as possible. Applications are processed in the order they are completed.

If you apply for financial aid, standardized costs for tuition and books, room and board, transportation, and personal expenses will be used to determine a cost of attendance. This cost along with the information provided by your submission of the FAFSA and any other requested information will be used to calculate your eligibility for funds. Financial aid funds are awarded to students on the basis of fund availability and standardized federal formulas.

Applying for financial aid can be a time-consuming process. Your quick response to our requests can shorten the process. Forms or information returned late will slow or stop the process of determining your eligibility. As some funding is limited and is awarded on a first-completed-first-served basis, your delay may limit the types and amount of aid you receive. If you apply late, your financial aid may not be ready at the beginning of a term and you may need to pay for your tuition, fees, and books on your own (see “Payment plan” section for payment option) and have your financial aid reimburse you when you have been awarded.

Notification of financial aid awards are e-mailed to your college e-mail address. To ensure your right to privacy, information regarding awards to students is not available using the telephone or internet. Information regarding the status of your application and award can be accessed through Riverhawk Web. If you need assistance in gaining that access please contact the help desk, 541-440-7808.

ADULT HIGH SCHOOL DIPLOMA

Students may also earn an Adult High School Diploma through Umpqua Community College. The Woolley Center offers the majority of the high school diploma classes. These classes run four days a week in 5-6 week sessions. In addition to course work, adults may be eligible for high school credit from significant life experiences including work experience, military training, community service and homemaking. Classes are free for students on referral from an area high school, and $27 per half credit for students paying their own way. For more information on the high school class schedule, please contact the Woolley Center at 541-440-4603.

WOOLLEY CENTER HIGH SCHOOL CREDIT CLASSES
The Woolley Center high school program focuses on college and career preparation. Statistics show that over 80 percent of jobs earning $45,000 in Oregon require some post-secondary training: either a college degree or professional/technical certification. Yet many high school students graduate or drop out without a clear idea of what they will or can do next. The program addresses this by familiarizing students with high-growth occupations as well as local training opportunities. The goal is to kindle each student’s natural interests and assist them to make plans for the future, whether they include college, vocational training, or something else altogether.

To ensure students learn up-to-date, real world information, they will hear business professionals, have job shadows and field trips, and complete hands-on projects and work samples. These experiences will become part of each student’s portfolio, which in turn can be used for college admissions and job interviews. Students choose either a GED or Adult High School Diploma path. Class sizes are small, with an average of 15 students.

Students can work at home, from the library or at school whenever it fits into their schedule. And, it’s never too late to complete your education and boost your career potential. OREGON PATHWAYS TO ADULT BASIC SKILLS (OPABS)

Oregon Pathways for Adult Basic Skills is a program designed to help students prepare for both the GED exam and to enter college or training, in a 3-term curriculum. While preparing for the GED exam, students will also work to achieve college level reading, writing, and math. All part-time and full-time students also receive a yearly parking permit. Designated parking spots for students are marked by yellow lines, curbs and student only signage. All white marked lines and curbs are regarded as open parking. These spots are available to everyone. There are 14 parking spots clearly designated for the college Motor Pool and off limits to general parking. Red zones are usually fire related areas and are considered restricted lanes and zones with no parking allowed at any time.

4. Testing Services  
5. Crisis Counseling  
6. TAPIN

Our Center is committed to your success as a student. Trained professionals provide a variety of student services to meet your individual needs in completing your educational goals. *Stop by to see us in the Campus Center Building.*

NEW! The **Mentor Project** matches students with a staff or peer mentor to provide additional educational and college support and encouragement while navigating the education process of enrollment at UCC through their first year of attendance. Call the TAPIN office for more information or to sign-up at 541-440-7873.

**YOUR ROAD TO SUCCESS**

**Academic advisement** offers assistance in course placement, selection and UCC program requirements. Term-by-term planners are designed by students with an advisor/counselor the 3rd, 4th and 5th week of each term for new and continuing students.

Individualized **career exploration** is available to help students get started on a successful career path. The opportunity to review current labor market information, utilize online career resources and/or take a career assessment with a professional interpretation is available to help find a career or major that fits an individual’s interest.

**Crisis counseling** sessions are available to currently enrolled students. Up to three one-hour sessions focus on a specific plan of action, identification of community resources and referral for on-going personal counseling needs. No appointment is necessary.

The **job placement** office provides referrals for students seeking employment to supplement their education. Posting of current, off-campus positions available throughout our community are updated weekly. If you are an employer and would like to post your open position[s], call 541-440-7797. Posting may be found at: www.umpqua.edu/student-job-placement.
