General Information

About Umpqua Community College

Umpqua Community College is a comprehensive public community college located in Douglas County in southwestern Oregon. The College District was established in 1964 by a vote of its residents. Umpqua strives to make quality post-secondary education affordable and accessible to district residents. The college offers transfer programs, and strong career and technical programs in business, computer science, engineering, human services, and nursing. Its auto mechanics program is certified and sponsored by Toyota. UCC also provides adult basic education, workforce development and truck driving programs at off-site campus locations as well as offering a unique, one-year certificate program in viticulture and wine-making through the Southern Oregon Wine Institute.

The main campus is comprised of 19 buildings located on park-like grounds at 1140 Umpqua Community College Road, Roseburg; and an additional 4 off-site campus locations:

H. Woolley Adult Basic Education Center located at 1634 W. Harvard, Roseburg, Umpqua Small Business Development Center located at 522 SE Washington Ave, Roseburg, South Umpqua School District Administration Building located at 558 Chadwick Lane, Myrtle Creek, Commercial Driving License Truck Shop located at 6482 Dole Road, Myrtle Creek.

The College District comprises 109,405 residents within the 5,062 square mile area of Douglas County. Douglas County is classified as isolated, rural and economically distressed. The largest population center is Roseburg (pop. 22,321); the majority of residents live in towns with populations of less than 6,000 or in the rural, unincorporated areas between these small towns.

The college serves more than 13,500 unique students each year of which approximately 3,300 are credit students. The main campus is located six miles north of Roseburg on 100 acres of donated land overlooking the North Umpqua River.

Umpqua is accredited by the Northwest Commission on Colleges and Universities. Specialized accreditation has also been granted by the National Automotive Training and Educational Foundation, the Commission on Dental Accreditation and the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions.

Our Mission

Umpqua Community College transforms lives and enriches communities.

Our Vision

Umpqua Community College will be a model for educational innovation, empowering all students to contribute to an ever-changing, diverse world with confidence, competence, and compassion.

Strategic Plan Goals

- 1. Improve institutional climate, cultures and efficiency.
- 2. Increase high-quality, relevant education opportunities through innovative and specialized academic programming
- 3. Implement an enrollment management plan that supports student success from recruitment through program progression, completion of programs, and transfer or entry to the workforce.
- 4. Improve integration of the College with the community.

Affirmative Action Policy

Umpqua Community College complies with Title VI and VII of the Civil Rights Act of 1964, Equal Employment Act of 1965, Age Discrimination in Employment Act of 1967, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Vietnam Era Readjustment Assistance Act of 1974, the Americans with Disabilities Act of 1990, the Family Medical Leave Act of 1993, among other State and Federal Laws related to employment. Review and affirmation of college compliance will be held periodically.

Umpqua Community College does not discriminate on the basis of race, color, religion, gender, sexual orientation, marital status, age, national origin/ancestry, disability, family relationship or any other protected status in accordance with applicable law. The College's commitment to nondiscrimination applies to curriculum activity and all aspects of operation of the College.

Board of Education

Seven elected, unpaid Board of Education members have primary authority to establish policies governing the operation of the college and to adopt its budget. Their charge is to encourage the development of programs and services that will best serve the needs of College District constituents.

Budget Structure and Functions

Basis of Budgeting

For the budget document, Oregon Budget Law requires that a modified accrual basis of accounting is used, which determines when and how transactions or events are recognized. This means "revenues are reported when earned, expenditures are reported when the liability is incurred and taxes are accounted for on a cash basis, i.e. when received. The result is that carryovers of financial obligations from year-to-year are precluded and projections of anticipated revenue are not inflated."

The college budgets all college funds required to be budgeted, the General Fund and all Auxiliary Funds, in accordance with the Oregon Local Budget Law on a Non-GAAP budgetary basis, whereas Generally Accepted Accounting Principles (GAAP) provides the structure for the basis of accounting used for financial statement reporting. The differences between GAAP and the budgetary basis of accounting generally concern timing of recognition of revenues and expenditures. Thus, there are no differences between fund structure in the financial statements and the budget document.

Under GAAP, the basic financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenues in the years in which they are levied. Grants and other similar types of revenue are recognized as soon as all eligibility requirements imposed by the grantor have been met.

Material timing differences in expenditures between GAAP and the budgetary basis of accounting include capital expenditures, which under GAAP are allocated to depreciation expense over a specified period of time. In the budget document, capital expenditures are assigned in full to operations expense. With respect to debt service, payments to principal reduce the liability on the financial statements while interest payments are expensed. Under the budgetary basis of accounting both principal and interest are expensed to operations within the fiscal year.

Funds

Umpqua Community College's budget is segregated into the following funds, appropriated by the Board of Education. Each fund is independently budgeted, operated and accounted for. The college's primary budgeting and operational funds are the General Fund (I) and the Special Revenue Fund - Administratively Restricted (II b).

General Fund

Includes activities directly associated with operations related to the college's basic educational objectives.

Special Revenue Fund

Accounts for revenue sources that are legally restricted to expenditures for specific purposes.

a) Grants & Contracts

A special revenue fund used to budget and account for grants, contracts and projects funded from federal, state, and local agencies. Funds are restricted to the purpose designated by the grantee.

b) Administratively Restricted

A special revenue fund used to account for specific programs where monies are administratively restricted. Activities recorded in this fund generate revenue primarily through specifically assessed tuition and fees, or through other revenue-generating activities.

Financial Aid Fund

Used for the provision of grants, stipends, and other aid to enrolled students.

Capital Projects Fund

Used for the acquisition of land, new construction, major remodeling projects, and major equipment purchases.

Debt Service Fund

Accounts for the accumulation resources for, and payment of, general long-term debt, principal and interest.

Insurance Fund

Accounts for payments to the Oregon Employment Division for unemployment benefits paid to terminated employees. Payments are also made to early retirees for medical insurance premiums from this fund. Principal revenues are transfers from the General Fund and investment earnings.

Enterprise Fund

Includes activities that furnish goods or services to students, staff, or the public, for which charges or fees are assessed that are directly related to the cost of the good or service provided.

Internal Service Fund

Includes functions that exist primarily to provide goods or services to other instructional or administrative units of the college. The funds in this category are Motor Pool, Copiers and PERS Reserve.

Agency Fund

Used to budget and account for the activities of the Associated Students of Umpqua Community College (ASUCC) student government, student clubs and outside agencies for which the College is acting as a fiscal agent. Each of the funds is accounted for separately.

Revenue Sources

<u>Intergovernmental</u>

Also known as total public resources, intergovernmental resources include Umpqua's allocation of community college funding from the State of Oregon, resources from various unrestricted federal, state and local contracts, and local property tax revenue. State community college funding resources are determined by the state legislature's funding distribution formula and are calculated on a biennial basis. Federal, state, and local unrestricted resources are budgeted using statistical trend analysis. Property tax revenue is determined by annual property tax levy and is budgeted using estimates provided by the state and through statistical trend analysis.

Tuition

Credit tuition is generated by assessing students' per-credit-hour rates. Non-credit tuition is generated by charging varying rates per course, based on course costs and market forces. Tuition resources are budgeted based on enrollment projections developed by the college's Institutional Research department.

Instructional Fees

Instructional fees are generated by assessing students for course-related expenses. Some instructional fees are administratively restricted resources that are tied specifically to instructional expenditures and might not available for general allocation. Departmental instructional fees are established based on estimated materials and services costs and are approved by the Board of Education. Instructional fees are budgeted based on enrollment projections that are developed by the college's Institutional Research department and historical trend analysis.

Interest Income

Interest income is derived from investment of operating capital in excess of daily requirements.

Fees (Non-Instructional)

Non-instructional fees are generated by assessing students for non-instructional expenses such as student body and technology fees. Individual fee amounts are approved by the Board of Education and budgeted based on enrollment projections and historical trend analysis.

Sale of Goods and Services

Sales of Goods and Services are generated through the college's Auxiliary Services, including such units as the Bookstore and Food Services. Sale of Goods and Services revenue is budgeted based on historical trends and factors in known variables.

Other Resources

Include resources from various activities such as finance charges, insurance proceeds, sales of equipment, enforcement fees and other nominal, one-time miscellaneous amounts. Budgeting is based on historical trend analysis.

Expense Functions

Instruction

Expenditures for all activities that are part of the college's instructional programs.

Instructional Support

Expenditures for activities carried out primarily to provide support services that are an integral part of the college's instructional programs. This category includes the media and technology employed by these programs as well as the administrative support operations that function within the various instructional units, and the retention, preservation, and display of materials. It also includes expenditures for chief instructional officers and their support where their primary assignment is administration.

Student Services

Expenditures for admissions, registration, record keeping, and other activities whose primary purpose is to contribute to students' well-being and to students' development outside the context of the formal instructional program.

College Support Services

Expenditures for activities whose primary purpose is to provide operational support for the ongoing operation of the college, excluding physical plant operations. Expenses include, for example, executive management, fiscal operations, administrative and logistical services, and community relations.

Plant Operations and Maintenance

Expenditures for the operation and maintenance of the physical plant. It includes services related to campus grounds and facilities, utilities, and property insurance. (Adopted together with College Support Services but reported separately for tracking purposes)

Financial Aid

Expenditures for loans, grants and trainee stipends to enrolled students.

Community Services

Expenditures for activities established primarily to provide noninstructional services to groups external to the college. One such activity involves making available to the public various resources and unique capabilities that exist within the college.

Facility Acquisition

Expenditures for land, land improvement, buildings, and major remodeling and renovation that is not a part of normal plant operation and maintenance.

Debt Services

Expenditures for the accumulation resources for, and payment of, general long-term debt, principal and interest.

Contingency

A budget account (not for expenditures) to provide for contingencies and unanticipated items, or to hold funds for future distribution. This function may also be used to provide expenditure authority for obligations created but not expended in previous years.

Reserves

A budget account used to hold funds for future spending.

Expenditure Categories

Personnel Services

Personnel Services expenditures include all full-time and part-time payroll plus other payroll expenses (OPE). Payroll is budgeted using actual position lists, factoring in performance and cost of living adjustments, and any anticipated contract changes to union wage schedules. OPE rates are budgeted using benefits cost projections, including amounts for various employment-related taxes, health and life insurance premiums, retirement fund contributions, and other direct employee benefits.

Materials & Services

Materials & Services expenditures include items such as office support supplies for instructional and operations departments, non-capitalized equipment, travel and maintenance. Materials & Services is budgeted using historical trend analysis.

Financial Aid

Financial Aid expenditures include tuition waivers and federal, state, or private financed scholarships or grants.

Capital Outlay

Capital Outlay expenditures include all equipment purchases with a single item cost in excess of \$5,000 and with a useful life exceeding one year.

Transfers

Inter-fund transfers include resource funding of specific amounts to another fund for an identified purpose. The majority of transfers occur in the General Fund and include items such as transfers to the Financial Aid Fund to cover institutional scholarships and institutional match obligations, and transfers to the Capital Projects Fund for capital repairs and improvements, special projects, capital reserves and deferred maintenance.

Contingency

A budget account (not for expenditures) to provide for contingencies and unanticipated items, or to hold funds for future distribution. This function may also be used to provide expenditure authority for obligations created but not expended in previous years.

Reserves

A budget account used to hold funds for future spending.

Budget Planning and Resource Allocation

Budget planning and resource allocation at Umpqua Community College is a transparent and participative process that involves all campus constituencies.

Level I: Faculty and Staff

All faculty and staff members have the opportunity to provide their respective directors with input regarding the budget and requests for additional resources necessary for operational support of strategic priorities.

Level II: Directors

Directors will take feedback from faculty and staff into consideration when preparing budget requests to the Senior Leadership Team.

Level III: Senior Leadership Team

The Senior Leadership Team is responsible for communicating budget information to campus constituencies, and reviewing and prioritizing addition and reduction recommendations. The Senior Leadership Team will prioritize the requests from Level II.

Institutional Effectiveness Committee

The Institutional Effectiveness Committee ensures that resource allocation and budget planning processes are followed, aligned with the strategic plan, implemented, and assessed.

Forums for Staff and Students

The Chief Financial Officer, Provost and President hold various forums in which budget updates are provided to the campus and questions are answered and concerns are addressed.

Budget Committee (External)

The External Budget Committee consists of community members who have responsibility for recommending budget approval to the Board of Education.

Board of Education

The Board of Education is responsible for reviewing and approving the proposed budget development framework, advising the administration on proposed addition and reduction recommendations, and approving the final list of additions and reductions.

Budget Development Process

In the budget development process outlined below, Umpqua Community College follows Oregon Local Budget Law. In addition to providing a financial plan for fiscal year revenues and expenses, Umpqua's budget document outlines programs and initiatives and implements controls on spending authority. The budget development process is designed to encourage citizen input and public opinion about college programs and fiscal policies.

- Budget data is loaded into management system
- Budget is made available on the Web
- Budget is posted as required by law
- Hold budget process debriefing

XII. July

- Submit tax certification documents to the assessor by July 15
- Submit copy of complete budget document to county clerk by July 15

2020-2021 Budget Message - Dr. Debra Thatcher, UCC President March 2020

The campus community is pleased to present a balanced budget proposal for the 2021 fiscal year. Because we are in the middle of the biennium, we started our work with a better indication of next year's state allocation than we had at this time last year. This biennium brought an increase in funding to community colleges, but we were not funded at our "current service level;" consequently, we have been conservative in our spending and budgeting, thinking strategically and being mindful of long-term consequences of today's decisions.

As part of our institutional effectiveness work this year, we developed a new process for resource allocation. In this process, budget managers who recognized a need for strategic funding beyond their current budgets, or who determined a need for a new position, provided a strategic resource request. We made it clear that strategic resource allocation requests would not be funded through any additional funds, but rather, through allocating available funding differently across all departments to meet UCC's most pressing strategic needs.

The resource requests went through two rounds of review using rubrics designed to measure strategic and fiscal impact. Ultimately, the requests were put into the context of overall campus needs and placed in three categories related to the strategic plan: positive impact on enrollment (recruitment and/or retention), increase in efficiencies, and compliance with state and federal regulations and laws. From those categories, and with sustainability in mind, the requests with the strongest scores were prioritized. As a result of this process and by tapping the general fund, administratively restricted funds, and Foundation funds, we were able to add positions (including three faculty positions), athletic teams, professional development, software, and materials that will be crucial for fulfilling our mission and meeting our strategic goals.

As we look ahead to the next biennium, a time when once again we are uncertain of legislative funding, the campus is examining ways to be more financially sustainable. We are continuing our strategic energy management work; examining our academic programs - what we offer and how we offer them; finding ways to use technology and software to be more efficient in our operations; and finding new ways to work with the public schools, industry, and business. Our goal is to find new ways of doing business that generate revenue, reduce spending, and assure that we fulfill our mission. We have the expertise, creativity, and motivation to re-invent ourselves.

We look forward to review, discussion, and feedback on this budget proposal.

Debra H. Thatcher, Ph.D.

President Umpqua Community College

Office of the President

Purpose:

The mission of the President's Office is to advance UCC's strategic direction in order to achieve the College's vision and fulfill its mission. The President's Office collaborates with internal and external entities to meet the educational needs of the College's district and provides support and information for the College's Board of Education. By maintaining open lines of communication with students, employees and members of the public, the President's Office promotes a friendly, approachable, and positive environment. Visit Office of the President

President:

Central to the President's role is the advancement of the educational mission of the College so that students can achieve their educational and career goals. The President promotes a democratic, participatory decision-making process and fosters an inclusive, equitable campus culture. Included in the President's authority is directing the overall operation and administration of the College, in accordance with the mission and goals of the College, the Board of Education's policies and procedures, the regional accreditor's standards, and applicable laws and regulations. In cooperation with the Board and the College employees, the President enhances public relations by representing the College to the public, community organization, other schools business and industry, and local and state government.

2020-2021 Activities

• The Office of the President will meet with external entities to promote the College; provide guidance for institutional effectiveness and strategic planning; and supply supplemental funding for employee development, leadership development, student success, and promotion of diversity/equity/inclusion.

Office of the Provost

Purpose:

The Office of the Provost embodies the academic, enrollment, and student services operations of the college, in addition to campus-wide institutional research, college-wide compliance, assessment, and accreditation initiatives. Visit Office of the Provost

Description:

Provost: The Provost works collaboratively with the President, administrative leaders, and faculty to bridge operations of the college in order to successfully deliver transformational educational opportunities. With a focus on quality educational experiences, the Office of the Provost promotes innovative teaching and learning, engaging scholarship, intentional academic support, and purposeful student services to ensure students have every opportunity to achieve success at Umpqua Community College and beyond.

SOWI also provides an incubator winery for startup wineries, provides custom winemaking services, and provides support and advocacy for the Oregon wine industry. Visit <u>SOWI</u>

Division of Enrollment Management

Purpose:

The Office of Enrollment Management guides students through all stages of their college exploration and enrollment journey by working to break down barriers through planned activities, use of data, and quality service. Visit Enrollment Management

Description:

Dean of Enrollment Management: The dean oversees all stages of onboarding, from initial inquiry to first term of enrollment; develops and implements the Enrollment Management Plan around recruitment and retention; monitors key data on enrollment trends and works with faculty and staff to understand that data; works with Special Projects and grant work that aids in the success of students from under-privileged populations, and oversees the work of college transitions, financial aid, testing, admissions, and recruiting.

College Transitions: College Transitions works primarily with high school age students taking college classes, including dual credit, Expanded Options, and those who come out and pay on their own. This work includes getting teachers approved, working with faculty to align curriculum, admitting and registering students, and doing advising. In addition, College Transitions handles Career Pathways work and some special projects that help students successfully transition into UCC. Visit <u>College Transitions</u>

Enrollment Advising/Admissions: The Enrollment Advisors process all college admissions, but also have a territory of the county to work with schools, businesses and community members. In addition, they assist with orientation; make presentations to the community; and help with all recruitment events. In addition, Enrollment Advisors help students one-on-one through the initial phases of onboarding, so they don't get lost while figuring out placement testing needs, how to access their accounts, financial aid and scholarships, and what major is best for their goal. Visit <u>Admissions</u>

Recruitment: The Recruitment Coordinator is the key contact for all campus inquiries, events, college fairs, and campus visits. In addition, she is the primary facilitator of orientation, co-leads the Admissions office, develops strong partnerships with community members and high schools, works to ensure students successfully transition to Academic Advising, and collaborates closely with faculty and staff to promote their programs. Department of Institutional Research

As part of Institutional Effectiveness

Purpose:

Institutional Research transforms institutional data into meaningful information to support mission fulfillment, strategic decision-making, innovative instruction, and student success. Visit <u>Institutional Research</u>

Description:

Institutional Research:

Operating within the Division of Institutional Effectiveness, Institutional Research is the primary source of campus data describing enrollment, student success, and student demographics. Institutional Research interacts with every other campus office in support of their data needs, and with its counterparts at every Oregon community college to develop system-wide benchmarking. Finally, Institutional Research is responsible for completing multiple state and federal annual reporting tasks.

Accreditation:

Institutional Research assists with the development of meaningful, measurable indicators of mission fulfillment, then designs, builds, and clearly communicates indicator data to the campus through written, spoken, and graphical methods.

These measurable indicators, along with other data from Institutional Research, provide the basis for each campus office to evaluate the outcomes of their mission fulfillment strategies. The data-informed assessment and evaluation completed by each campus office is critical to maintaining accreditation.

Assessment:

Institutional Research is the primary source of the student performance, enrollment, demographic, course, and faculty information used in our academic assessment process.

By using the data provided by the Department of Institutional Research, the outcomes of UCC assessment processes are based upon the strong, data-informed foundation required to ensure students success and continued accreditation.

- Improve ability of all campus operations to provide quality, efficient, and effective services
- Review and modify IE division processes to increase effectiveness and efficiency of Division of IE work
- Improve ability of academic programs to assess their quality, efficiency, and effectiveness, in alignment with Guided Pathways initiatives

Division of Student Services

Purpose:

UCC's Student Services Division creates a collaborative and inclusive student-centered environment, committed to the holistic development of students. We provide equitable services and programs that empower students to realize their educational and personal goals. We seek to cultivate a culture of caring and resilience.

2020-2021 Budget Highlights

The proposed budget for fiscal year 2020-21 was developed over several months with considerable college-wide participation. It takes into consideration the long-term effect of the current economic challenges and the financial health of the College. Our focus was a commitment to balancing resources and requirements without depleting reserves as directed by the Board of Education. The College adopts budgetary principles that address its strategic plan and priorities through a comprehensive resource allocation process. The College continues focusing on retention, recruitment, and fiscal sustainability. The following are the budget highlights and assumptions used during the budget development process.

General Fund

General Fund Resources are budgeted at \$30.1 million. The budget is based upon a Community College Strategic Fund (CCSF) appropriation of \$640.9 million with estimated \$12.9 million allocated to the College. Budgeted tuition and fees revenues are \$6.5 million, reflecting a tuition inflationary rate increase of \$3 per credit, 5% decrease in credit enrollment and proposed fee increases. Over the past several years the College has worked hard to become as lean and efficient as possible. After the proposed increases, Umpqua Community College tuition and fees would still remain at the state average for community colleges in the State of Oregon. The College anticipates receiving \$3.9 million in current taxes for the 2020-2021 fiscal year, a 2% increase from fiscal year 19-20 projection.

General Fund Requirements increased 4.1% compared to fiscal year 2019-20 budget due to investing financial resources in positions, contracted services and trainings in support of the strategic plan priorities as well as budgeting reserve category at 18% of operating cost as the College attempts to stabilize its financial position after rapid declines in the last several years. Personnel costs remain the largest piece of our operations and increased 4.5% from last year.

Through academic restructuring, shifting of current funds, the College was able to fund several FT/PT positions to improve academic programming, advising, and testing as well as address compliance issues as identified by strategic priorities. In addition, the budget includes funding for two new athletic teams: women's soccer and e-sports launching in FY21.

Transfers Out reflect the transfers of resources to other funds for items such as debt service payments, insurance, contractual professional development for faculty and classified staff, and capital fund maintenance. There is a slight increase in total transfers for capital projects.

Operating contingency and reserves are budgeted at \$5.6 million. The College has a minimum reserve policy of 10% of operating costs including transfers with a target of maintaining 18%. The established budget meets the requirement of the policy and the direction of the Board of preserving the fund balance. An adequate fund balance is necessary to allow for emergency or unexpected events, provide cash for first quarter payroll and operations, support the college's overall financial position and bond rating, and to prevent the need for costly short-term borrowing.

Other Funds

The **Grants and Contracts fund** includes a budget of \$6.8M for currently known Federal, State and Local grants and contracts that supports various programs. This fund is dependent on grants and contract awards that will be received during the fiscal year. With the existing trend of declining public resources, the College continues to actively explore and seek alternate sources of funding. The major source of revenue is from state sources (53% of the budget). The largest award is nearly \$1.9M for the seismic upgrade of the Whipple Fine Arts building with construction taking place in summer.

The **Administratively Restricted fund** increased slightly as a result of growth in Apprenticeship, Community Education programs and Nursing. Budget includes an allocation supporting the expansion of the truck driving program, community workforce and compliance training.

The **Financial Aid fund** accounts for student financial assistance. Federal and state student aid programs provide the majority of revenue in this fund.

The Capital Project fund proposes a budget of \$867,417 for capital projects, deferred maintenance, furnishings and equipment which is far below the identified need. The fund also includes funding for the pursuit of an Industrial Technology building construction on campus that will expand automotive, welding, engineering, forestry and computer science with fabrication/manufacturing programs. The Board of Education approved \$1.00 of tuition increase up to \$50,000 to support capital maintenance needs effective in FY18.

The **Debt Service fund** accounts for debt service activities related to the College's debt obligations. The College issued Full Faith and Credit Obligations, Series 2010 to finance construction of Danny Lang Teaching, Learning and Event Center. The College issued Full Faith and Credit Obligations, Series 2014 A and B to finance construction of the Bonnie J. Ford Health, Nursing and Science building. The College paid FFCO 2014 Series A in full during fiscal year 2020 to save interest costs. Budgeted expenses in the fund represent principal and interest payments due in FY21. The primary source of revenue for this fund is a transfer of \$1,243,196 from the General fund and a fee (Legacy fee) assessed on a per credit basis for remaining debt repayment of the Full Faith and Credit Obligations, Series 2014 B.

The **Insurance fund** operations are funded by transfer of resources from the general fund and any unspent ending fund balance from the previous year. Insurance fund accounts for self-funded unemployment insurance and early retirement health insurance provided to employees meeting specific service criteria requirements.

The **Enterprise fund** highlights operations of the Campus Store, Incubator Program, Special Events, and Wine Seminars & Wine Sales programs. The fund generates revenues by providing goods and services to students, staff and public. The food services have been absorbed into Campus Store operations. Therefore, Food Services fund has been eliminated for the FY21 and going forward. The Catering fund sustained a deficit in the ending fund balance. The College plans to cover the deficit in the next couple of years.

The Internal Service fund accounts for operations of the Motor Pool and Copiers funds that generate revenues by providing services on a cost reimbursement basis to College operating funds. Additionally, the fund accounts for PERS Reserves fund established in anticipation of PERS rate increases. Public employers in Oregon are bracing for significant increases to pension costs over the next biennia due to the Oregon Supreme Court's rejection of lawmakers' 2013 pension reforms, low investment returns, and changes in the system's economic

assumptions. The College prudently funded a PERS reserve account in 2010 in anticipation of rate increases and established a separate fund in 2017.

The **Agency fund** accounts for the activities of the student government (ASUCC) and student clubs. Primary sources of revenue consist of the club revenue generated by the students. The General fund supports operations of this fund by providing a \$35,000 transfer for ASUCC administration, Phi Theta Kappa and Skills USA travel. Expenditures recorded in this fund relate to student activities.

Accounting methods: This Budget Document is consistent with the budget laws of the State of Oregon and other applicable policies. The College uses the modified accrual method of accounting for budgeting. No changes in accounting method have been made. The budget expresses the basic and essential fiscal requirements of Umpqua Community College. The 2020-21 Budget Document is submitted herewith for your consideration and action.

The staff and I are ready to assist you in the important task of reviewing this document.

Respectfully,

Mbrown

Natalya Brown Chief Financial Officer

Budget Message Addendum

June 2, 2020

The adopted budget was prepared pre-COVID-19 and does not include any financial impacts of the pandemic due to the timing of the budget development cycle.

The state anticipates to make a cut to FY 2020-21 in response to the economic decline in the state of Oregon. At the time of this writing, the mid-biennium cut is projected to reduce the Community College Support Fund (CCSF) by \$54 million, which is about \$2,260,641 for UCC's General Fund. The College will not know the exact amount of the cut until after June 30, 2020, the 2020-21 budget adoption deadline. The coronavirus began to significantly impact the College in spring 2020, with the Governor's Executive Orders prohibiting in-person instruction just before the start of Spring Term. Our spring enrollment is down 16.26% in registered credit hours relative to Spring 2019. The College has been developing a plan for budget reductions that will be put in place as Board-approved adjustments or internal control expenditure cuts during the fiscal year. Budget reductions will include both personnel (reduction in force, furloughs, restructuring, vacancy freezes) and non-personnel reduction measures (utility reductions, capital projects delays, travel ban, materials and services reductions).

General Fund Significant Budget Modifications

As the College settles into restructuring, many budgets are combined or adjusted to increase operating efficiencies. Some budgets will have increased, decreased or no funding for FY21 as funds are allocated elsewhere in support of reorganization and strategic priorities.

Combined Budgets:

COMMUNITY ED: Community Ed, Workforce & Community Education

EXTRA SECTIONS: Extra Sections A&S, Extra Sections CTE, full time faculty position with department yet to be determined (placeholder)

ACADEMIC SUPPORT: Instructional Equipment, Program Development

INSTITUTIONAL EFFECTIVENESS: Institutional Effectiveness, Institutional Research & Planning
