16	Transferring UCC Credit	Additional information	<p style="text-align: center;">Transferring UCC Credit</p> <p>Lower division credits may be transferred to most colleges throughout the United States. Lower division students may transfer up to 108 credit hours to schools in the Oregon public universities. Even though "D" grades are passing for UCC graduation requirements, many schools will not accept credits for which a "D" has been earned. This is especially true if the course is in the students' major field. "P" credits may also be limited by transfer institutions or recalculated for GPA purposes upon transfer. Students planning to transfer credits to another institution are encouraged to work closely with their advisor in planning a transfer program that works for the school they wish to transfer to. Students should always contact the college or university to which they will transfer to acquire acceptance in planning appropriate classes for their program. Failure to do so may cost a student valuable time and money.</p> <p style="text-align: center;">Transferring credits to UCC</p> <p>Credits from other institutions may be accepted toward degree requirements at UCC if they were completed at a regionally accredited college or university.</p> <p>For credit students, the college evaluates coursework for all lower division courses from regionally accredited institutions where grades of "A", "B", "C", or "P/S" (Pass/Satisfactory) were earned. "P/S" grades are only transferable if the transferring institution awarded that grade for a "C" or higher. If a "D" was considered "P/S" it is not transferable. If the student is uncertain what constitutes lower division course work they should be referred to the appropriate section of the catalog. Transfer GPA is not included in overall GPA on UCC transcripts.</p> <p>request an evaluation of transfer credits, the student should submit official transcripts from all schools where they have transfer coursework; the evaluation cannot be completed until the college has received transcripts. Transfer evaluations may take up to 1 month to complete depending upon the volume of requests.</p> <p>transcripts received by the Student Service Office become the property of UCC. Students should plan to meet with an academic advisor to review program requirements and see how their transfer credits have been applied.</p> <p>order to receive credit towards a UCC certificate or degree, it is the responsibility of each student with transcripts (credits) from international schools to have them translated (if necessary) and evaluated course by course by a service that is a member of the National Association of Credential Evaluation Services. Further information can be found at <a href="http://www.naces.org">www.naces.org</a> by clicking on "Current Members" for a full list of service providers.</p>	2022 - 2023 Catalog Year
55	Electrician Apprenticeship Technologies, Certificate	Updated name in Program Mission	The Electrician Apprenticeship Technologies certificate prepares students for advance level job and journeyman careers.	2022 - 2023 Catalog Year
55	Electrician Apprenticeship Technologies, Certificate	Change to Program Course Requirements	Second year: remove APR 160. Changes credit load for year two to 12 credits.	2022 - 2023 Catalog Year
55	Electrician Apprenticeship Technologies, Certificate	Change to Program Course Requirements	Move APR 261 to fourth year course listing. Changes credit load for year three to 13. Changes credit load for year four to 12. Total program credits should be a minimum of 64 credits.	2022 - 2023 Catalog Year
55	Electrician Apprenticeship Technologies, Certificate	Changes to Additional Related Curriculum	Remove MTH 095 or higher and replace with MTH 65 or Higher, Remove WR 122 and replace with WR 121 or higher.	2022 - 2023 Catalog Year
56	Electrician Apprenticeship Technologies, Certificate	Update to verbage on Approved Electives	Choose enough to reach 64 credits. Any course 100 Level or higher.	2022 - 2023 Catalog Year
56	Electrician Apprenticeship Technologies, Certificate	Update to Approved Electives	Additional electives include: BA 165 Customer Service, GER 103 First Year German, SOC 206 Social Problems-Issues	2022 - 2023 Catalog Year
53	Electrician Apprenticeship Technologies, Associate of Applied Science	Updated name in Program Mission	The Electrician Apprenticeship Technologies program prepares students for advanced level jobs and journeyman careers.	2022 - 2023 Catalog Year
53	Electrician Apprenticeship Technologies, Associate of Applied Science	Change to Program Course Requirements	Remove APR 160 from second year curriculum. Total credits becomes 12 for that year.	2022 - 2023 Catalog Year
53	Electrician Apprenticeship Technologies, Associate of Applied Science	Total program requirements	Total Minimum Credits should be 51 of course curriculum with Approved electives to meet the 94 credits needed for completion.	2022 - 2023 Catalog Year
54	Electrician Apprenticeship Technologies, Associate of Applied Science	Additional Related Curriculum	Remove MTH 095 and it should read MTH 065 or higher	2022 - 2023 Catalog Year
54	Electrician Apprenticeship Technologies, Associate of Applied Science	Approved Electives	Choose enough elective credits to reach 94 credits. Any course 100 level or higher.	2022 - 2023 Catalog Year
54	Electrician Apprenticeship Technologies, Associate of Applied Science	Approved Electives	Additional electives include: BA 165 Customer Service, GER 103 First Year German, SOC 206 Social Problems-Issues	2022 - 2023 Catalog Year
54	Electrician Apprenticeship Technologies, Associate of Applied Science	NOTE	A state-issued Journeyman card is equal to 22 credits - INDU 293E	2022 - 2023 Catalog Year
57	Industrial Mechanics and Maintenance Technology Apprenticeship, Associate of Applied Science	Update to verbage on Approved Electives	Choose enough to reach 92 credits. Any course 100 Level or higher.	2022 - 2023 Catalog Year
60	Industrial Mechanics and Maintenance Technology Apprenticeship, Certificate	Update to verbage on Approved Electives	Choose enough to reach 64 credits. Any course 100 Level or higher.	2022 - 2023 Catalog Year
