OLD BUSINESS

Board policy # 4021 Academic Program Creation, Modification, and Deletion was presented for Board approval. The document and associated administrative procedures (4021a, 4021b, 4021c) were modified to address concerns shared during the previous Board meeting.

MOTION: **I move to approve the second reading of Policy 4021 with revisions, as presented. Motion by Dir. Mills, seconded by Dir. Kennerly, and unanimously approved.**

NEW BUSINESS

Resolution No. 12 – Transfer of Appropriation

Natalya Brown, Chief Financial Officer, requested a transfer of appropriation of \$636,000 from the General Fund Contingency to General Fund College Support Services. The transfer is required to ensure sufficient funding for the repair and stabilization of the landslide on the UCC campus. Funding is still being pursued through the legislature to cover the expense. Due to the campus safety risk the College is no longer able to wait for legislative action. The bidding process will begin with approval of the resolution. If the estimates are higher than the transfer amount a request will come back to the Board for approval.

MOTION: **I move to approve the Res. 12 – Transfer of Appropriation, as presented. Motion by Dir. Kennerly, seconded by Dir. Mills, and unanimously approved.**

Ms. Brown reviewed the financial forecast for the period through fiscal year 2025. The charts submitted represent a mid-range scenario in funding and expenditures. Beginning with fiscal year 2023 a deficit is shown. There are still unknown factors such as increased enrollment and tuition and fees increase. The largest revenue source, the state allocation, is very volatile and any adjustment can impact the College. The forecast will continue to be consistently monitored.

Policies were presented by President Thatcher for a first reading. Administrative procedures were presented as an information item. Clarifying questions were asked and responded to. Referencing 3825 AP Public Art, there was a request to have a community member on the Public Art Committee and to omit

item “F.2. Tax reporting responsibility rests with donors seeking a tax deduction for gifts valued at \$5000 or more.” since F.1. references the donor’s responsibility for appraisals.

President Thatcher’s comments earlier in the meeting supporting arts were appreciated. A Board Resolution in favor of continued support for performing and fine arts was introduced and read. The Board viewed the resolution not as a mandate but as a public declaration of support letting the public know there is no intention to remove arts. It is an aspirational, motivational component for the Board to get behind the arts.

MOTION: **I move to approve the Resolution for the Continued Support for Performing and Fine Arts, as presented. Motion by Dir. Kennerly, seconded by Dir. McDonald, and unanimously approved.**

Board Comments:

- Dir. Mills is pleased and grateful for the Board’s unanimous support on the arts resolution.

Motion: **I move for an adjournment time of 8:00 p.m. Motion by BC Stevens, seconded by Dir. Richardson and carried unanimously.**

President's Message

Chair Dunn appreciated President Thatcher's time at UCC and wished her well during retirement. President Thatcher explained the adjustments made in the past year due to the pandemic; the college was required to be closed to the public and deliver remote instruction with only a few exceptions. Enrollment took a downturn, as with other colleges, and UCC became strategic in the use of resources. Everyone should be proud of the College and Board for being good stewards of public funds. Budget Committee members were thanked for their service.

Chief Financial Officer Natalya Brown was introduced and reviewed a slide presentation on the budget process and the proposed FY 2022 Budget Document. Katie Workman, Budget Manager, was recognized for her efforts in putting the document together and assisting with the presentation. An overview was provided of the Budget Committee duties and the Budget process timelines.

Budget Principles 2021-2022

Five overarching budget principles were explained:

1. Ensure the college's strategic priorities and mission are fulfilled.
2. Consider investment and reduction decisions through the college's values of knowledge, sense of community, integrity, and improvement and innovation.
3. Maintain the following:
 - a. Student success, enrollment, and retention
 - b. Staffing and services at sufficient levels to protect the college's operations and ensure compliance with regulations and laws
 - c. Sufficient fund balance to help limit current and future risks such as revenue shortfalls and unexpected expenditures
 - d. Provide the flexibility to take advantage of opportunities
 - e. Maintain a balanced budget to ensure the College's long-term fiscal health
4. Invest in initiatives, strategies, programs, and operations that will positively impact student completion and success as well as improve enrollment and retention.
5. Seek cost-sharing and revenue-producing opportunities that support our mission and strategic priorities, such as grants, partnerships, self-support ventures, and UCC Foundation assistance that may boost operations.

Pandemic Impacts on the Budget

To anticipate a possible FY21 state allocation reduction, the College implemented multiple internal budget reduction measures in late FY20 that extended through FY21. Ultimately, the state did not reduce the allocation and deferred the decision to the next biennium. The pandemic negatively impacted enrollment in community colleges across the country including UCC. The federal government helped mitigate the negative impact of COVID-19 by providing emergency funds to students and the College.

Strategic Budget Allocations Process

The strategic budget allocation process is part of the budget development process. It is used to support the strategic direction and priority actions developed by the College. Resource requests were moved through two rounds of review using fiscal impact/sustainability, student success, enrollment, and compliance criteria. A summary of the strategic allocations was reviewed.

General Fund

There are 10 budgets within the General Fund. The budgets reflect internal reduction measures carried through FY21. The College established reserves for capital, technology, and strategic investments through transfer outs for long-term planning. The College was able to fund several FT/PT positions to improve

academic programming, student support services, and address compliance issues as identified in strategic priorities.

Budget Assumptions

The budget is based on the same amount of funding as the current year since it is the second year of the biennium. Three budget assumptions were explained: 1. State funding 2022-23 biennium for all community colleges: \$640.9 million (same as for 2020-21 biennium); 2. Tuition and Fees: Project 10% enrollment decrease based on trend; no tuition or fees increases are proposed; 3. Property taxes: Project 2.6% rate of growth.

Budget Changes: Revenues

The major difference in the budget compared to the previous year is the very large impact in the decline of tuition and fees. The ending fund balance is projected to be \$7.5 million; a portion will be used for strategic reserves. State support is the largest revenue source.

Budget Changes: Requirements

There has been a significant decrease of material & services. The College used internal controls during the pandemic to hold down costs; it is reflected in the change to material & services.

Labor & fringe history was shown in a graph. UCC is one of the lowest paying colleges in Oregon; increases are coming at a very slow pace. General fund transfers were reviewed. The College's functional operations budgets were shown in a pie chart.

Board questions and discussions were related to contingency funds, instruction budget percentage, and the state allocation level.

Grants & Contracts Fund

The fund accounts for proceeds of revenue sources that are legally restricted to expenditures for special purposes such as grants and contracts. The revenue sources are federal, state, and local grants and contracts. The budgeted amount is \$10,562,990. Current major grants and contracts include: Title II, TRIO grants (Student), Wolf Creek Job Corp, JOBS, COVID relief – CRRSAA and American Rescue Plan Act (ARPA).

Special Revenue Fund

The fund accounts for activities that supplement the regular General Fund programs and are intended to be self-supporting in nature. The revenue sources are tuition and fees along with other revenue-generating activities. A \$552,000 transfer from the General Fund will be placed in reserves to support future strategic priorities and technology infrastructure. The budget is \$5,888,980.

Financial Aid Fund

The fund accounts for student financial assistance. Revenue is from federal, state, and local sources such as financial aid loans, grants, and scholarships. An additional \$2.3 million in federal funding has been budgeted through the American Rescue Plan. The budget is \$12,493,323.

Capital Projects Fund

The fund accounts for capital projects, deferred maintenance, furnishings and equipment, and pool repair. A transfer from the General Fund is the revenue source. A deferred maintenance reserves account has been created for future use. The budget is \$938,644.

Debt Service Fund

The fund accounts for the repayment of obligations for the PERS bonds, Full Faith and Credit Obligations (FFCO) 2014 and Full Faith and Credit Financing Agreement 2020. The source of revenue is from general fund transfer and the Legacy Fee. The College refunded FFCO 2010 in FY2020 to take advantage of lower interest rates by issuing FFCA 2020. FFCO 2014 Series A were paid in full in FY20. The budget is \$1,656,359.

Insurance Fund

The Insurance Fund accounts for self-funded unemployment insurance and early retirement health insurance provided to employees meeting specific service criteria requirements. A general fund transfer provides the revenue. The budget is \$538,025.

Enterprise Fund

The Enterprise Fund accounts for the Campus Store, Incubator Program, Special Events, and Wine Sales programs. The Campus Store has been hit hard by the pandemic this past year. Food Services has been absorbed into the Campus Store operations. Lost revenue recovery due to COVID-19 has been approved through CRRSAA funding. The deficit in the Catering fund is being covered by the College with a transfer this year. The budget is \$1,209,932.

Citizen Comments – No comments were submitted to either Katie Workman or Robynne Wilgus.

Budget Committee members shared budget accomplishments and preferences for the direction of future budget investment. The use of dashboards and metrics was encouraged.

Motion: **I move that the budget committee of Umpqua Community College approve the budget for the 2021-2022 fiscal year in the amount of \$68,648,900. Motion by Dir. Lathrop and seconded by BC Stevens. The motion was unanimously approved.**

Motion: I move that the budget committee of Umpqua Community College approve the 0.4551 / \$1,000 of assess value for operation as and that these taxes are hereby imposed and categorized for the tax year 2021-22 upon the assess value of all taxable property within the district. Motion by BC Stevens and seconded by Dir. Lathrop. The motion was unanimously approved.

OFFICE OF INFORMATION TECHNOLOGY
QUARTERLY BOARD REPORT
May 2021
Tim Hill, Director of Information Technology

- Major Successes:
 - The training and rollout of faculty and staff laptops, transition to VDI, and the upgrade to Microsoft 365 is 50% complete. Over 100 people have completed training and using the new tools daily.
 - Georgann Willis is using a smart classroom to teach in the new hyflex modality this spring term.

- Challenges:
 - The Banner 9 and single sign-on project has been delayed until Summer due to issues with vendor.
 - Microsoft 365 in the cloud currently does not support the multiple email addresses UCC uses. (Example: xxx.umpqua.edu and xxx.student.umpqua.edu) As a result we have delayed the student portion of the transition from June 2021 to August 2021.

- Tactical Projects update:
 - Classroom & office without barriers has moved into full implementation phase. We have converted 50% of full-time employees to virtualized PC's combined with MS 365 and laptops. We also have Georgann Willis teaching a class in a hyflex modality on campus. This gives the student the ability to take her class three different ways and change their method of taking the class at any time. They can take it face to face, synchronous from an alternate location, or traditional online asynchronous.
 - Enhance efficiency and accuracy projects have also moved into implementation phase. We are working with Laserfiche and about to complete the HR onboarding project using webforms, automated workflows, and digital signatures. The initial demonstration to HR happened the last week of April with final adjustments being made at this time for production.
 - Single identity access projects are still delayed due to a vendor having to completely redevelop the Microsoft identity management software. The initial design failed in testing and they are still trying to correct so all three pieces work correctly. We currently are scheduled for Summer 2021 to implement. This implementation timeframe will also reduce the complexity for students.

Office of Institutional Effectiveness**Accreditation Report**

The processes designed by collaborative cross-campus efforts from 2016-2019 have carried forward as a solid foundation for which to continue improvement and demonstrate compliance. The following compilation provides highlights of this half-year cycle (January to May 2021) in the 2016-2023 accreditation cycle and challenges looking forward to reaffirmation in 2023.

Highlights**I. Strategic Plan**

The 2018-2023 Strategic Plan (SP) is set for annual progress review at the mid-summer SPOC meeting, date TBD.

II. NWCCU**A. Accreditation Liaison Officer (ALO)**

- The ALO serves as the primary contact with Commission staff. “The ALO is selected by the President and has the time, knowledge, [status, visibility], and authority to engage in regular and direct communication about accreditation-related issues with the institution’s president, other offices and individuals on campus, and with the Commission” (NWCCU, 2020).
- President Debra Thatcher transferred ALO responsibilities from Provost Kacy Crabtree (interim ALO) to Jana Pierce, Director of Institutional Effectiveness (IED), on March 3, 2021.

B. Policies, Regulations, and Financial Review Report (PRFR, 2022)

- Expected timeline: Spring 2021 construction through fall completion of report, with report due March 1, 2022.
- Content creation is underway with multiple team members meeting with IED on a regular basis to establish consistency and clarity.
- The draft outline has been created with file storage drop (in G-drive) for members and links to published documents included as evidence in the report.
- Several PRFR team members mentioned that upon review it was evident there were items that could be clearer and/or should be created, or eliminated, to better align with NWCCU standards—an excellent byproduct of systematic assessment and continuous improvement!

C. NWCCU Year-7 Evaluation of Institutional Effectiveness Report (EIE, 2023)

- This report is also known as *reaffirmation*.
- Reaffirmation timeline: Spring determination of duties; construction of report continuing through year 2022; fall 2022 completion of report for Spring 2023 site visit; date TBD.
- Report draft outline and site visit schedule design is underway and responsibilities and templates construction are on schedule.

- Simultaneous compilation of both the PRFR and the Year-7 EIE will continue from this point forward (see Figure 1 for Reaffirmation Timeline).

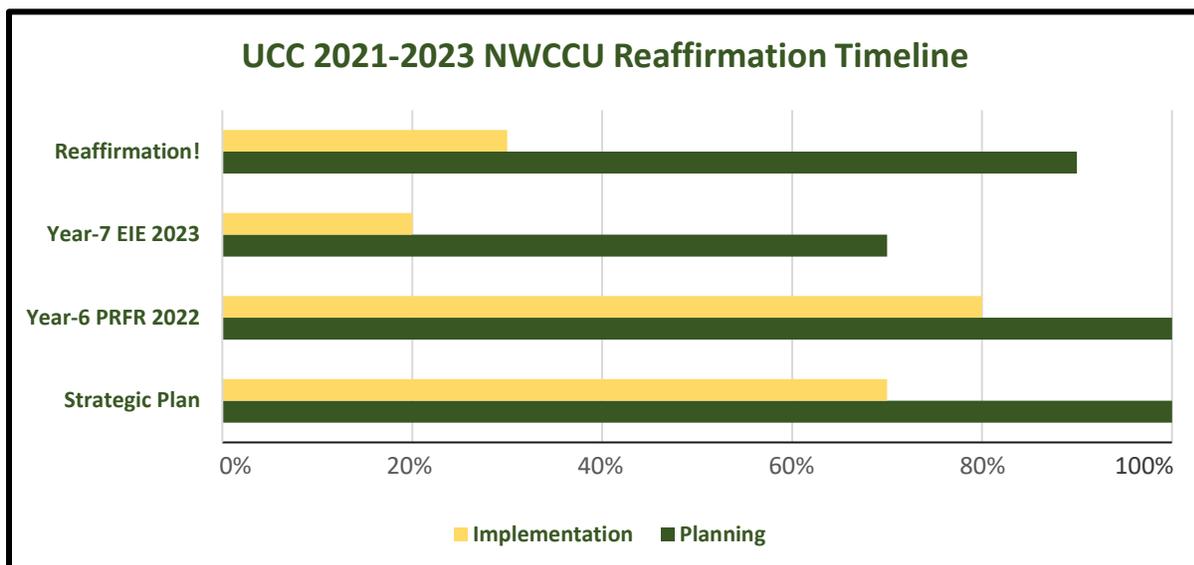

III. Evidence & Documentation

- A. Assessment of tracking and mapping methods to communicate efforts and fulfillment of NWCCU standards are underway and on schedule. Continued training for understanding and use of the tracking/mapping methods has four phases: a) current collaboration with faculty in design/affirmation phase; b) spring assessment workshop to review current practice and obtain feedback for future refinement; c) summer continued design, including a handbook; and d) fall 2020 implementation.
- B. Discussions regarding software to aid in program and outcomes assessment, curriculum management, and college catalog construction continue. Funding is available and decisions will be made soon as to what software would best fit with existing software and the current learning management system.

Challenges

The Year-7 EIE report focuses on student learning, student achievement, and program and outcomes assessment. The Office of the Provost and faculty have been working diligently to discuss, determine, evaluate, and create program and learning outcomes that are aligned with accreditation standards, but also represent the essence of learning faculty perceive as critical for students at UCC. This component of the Year-7 EIE report has undergone rigorous focus to determine alignment to the goals and projected timeline listed in the affirmed Fall 2020 Ad Hoc Report. An updated 2021 timeline that will allow for refinement of processes, more efficient assessment, and continued improvement is under development. With these efforts underway, we are on track to shift our 2020 self-assessed student achievement and learning status of *emerging*, to *developed*, for the 2023 reaffirmation cycle.

The Chair will also send a call through community partners to seek recommendations for a community member to serve. The Chair will select the committee, with a goal of finding members with diverse backgrounds and experiences.
2. The Committee Chair (the Art Gallery Director) is responsible for educating the committee about the scope and goals for the College's permanent collection and developing rubrics for each situation to guide the committee in making its recommendations to the President.

 - b. Description of the competition, including responsible parties and marketing plans
 - c. Budget and source of funds
 - d. Schedule for the competition
 - e. Installation timeline

In addition, the hosts/purchasers must address all criteria in the appropriate rubric(s) developed by the PAC. The PAC makes recommendations to the College President.

5. **Semi-Permanent and Temporary Installations.** The PAC entertains proposals from groups or individuals in the College community. The PAC reviews proposals with the appropriate rubrics for the type of art under consideration. The PAC makes recommendations to the College President. As part of the proposal review process, artists must be notified that the College does not provide insurance for semi-permanent and temporary installations.
6. **Installation of Works by UCC Student Artists.** In general, works of public art by UCC student artists are semi-permanent or temporary. Proposals to the PAC for installation of UCC student works of public art must include:
 - a. Explanation of the student's academic and artistic work, including medium, category, and artistic merit
 - b. Written endorsement from a UCC visual arts faculty member
 - c. Proposed location for the installation
 - d. Proposed dates of the installation
 - e. Length of the exhibition

- f. Installation, maintenance, and removal costs
- g. Signage
- h. Activities, if any, associated with the installation

The PAC makes recommendations to the College President.

G. Valuation of Donations

1. Donors bear the responsibility to determine the value of their gift(s) and to seek independent appraisal when appropriate.
2. College personnel are unable to evaluate gifts. Appraisals must be prepared by a “disinterested party”, and the Art Department does not qualify as a “disinterested party” for IRS purposes. See the Tax Reform Act of 1984 for more information.
3. Neither the PAC nor the Art Gallery Director will advise or counsel donors on tax benefits or procedures.

H. De-accessioning

1. De-accessioning is the practice of refining and improving the quality of art collections.
2. De-accessioning will not serve to provide operating funds; the process must be used only for acquisitions, student scholarships, or conservation of works of art.
3. An object, subject to de-accession, will fall under one of the following conditions:
 - a. Work is judged to be of poor quality, either intrinsically or in comparison with other objects of the same type
 - b. Work is redundant or duplicate
 - c. Work is clearly outside the collecting scope of the collections
 - d. Work’s physical condition is so poor that restoration exceeds value

RESPONSIBILITY:

The Art Gallery Director is responsible for implementing and updating this procedure.

RESOLUTION NO. 15

A RESOLUTION OF THE BOARD OF EDUCATION OF UMPQUA COMMUNITY COLLEGE, DOUGLAS COUNTY, OREGON, AUTHORIZING PARTICIPATION IN THE OREGON COMMUNITY COLLEGE DISTRICTS PENSION BOND PROGRAM; AUTHORIZING A FULL FAITH AND CREDIT PENSION BOND AND RELATED FULL FAITH AND CREDIT PENSION OBLIGATIONS, TO BE ISSUED IN ONE OR MORE SERIES.

WHEREAS, the Board of Education of Umpqua Community College, Douglas County, Oregon, is authorized by Oregon Revised Statutes (“ORS”) 238.692 to 238.698, including any amendments thereto (the “Act”), to issue revenue bonds under ORS Chapter 287A to finance its pension liability;

WHEREAS, the Act and ORS 287A.315 permit the District to pledge its full faith and credit and taxing power within the limitations of Sections 11 and 11b of Article XI of the Oregon Constitution to pay those bonds;

WHEREAS, community college districts have a pooled unfunded pension liability to the Oregon Public Employees Retirement System (“OPERS”) and, based on the District’s portion of the total community college district payroll, the District’s allocated portion of the unfunded pension liability (the “Pension Liability”) is estimated to be \$17,147,577 as of December 31, 2019;

WHEREAS, ORS 238.697 requires that the District (1) obtain a statistically based assessment from an independent economic or financial consulting firm regarding the likelihood that investment returns on bond proceeds will exceed the interest cost of the bonds under various market conditions and (2) make a report (the “Report”) available to the general public that describes (a) the result of the assessment and (b) discloses whether the District has retained the services of an independent SEC-registered advisor;

WHEREAS, the Report is attached hereto as Exhibit A and the District has obtained an assessment (the “Assessment”), dated January 21, 2021 and further updated on April 15, 2021, from ECONorthwest, an independent economic consulting firm, which is attached to the Report;

WHEREAS, the District understands that the Assessment is based on facts and assumptions that are subject to change, including market projections that are anticipated to be updated by the Oregon Investment Council in June, 2021 and that in order to help evaluate the potential risk in the absence of updated market information, the Assessment was revised to include higher borrowing rate assumptions to approximate less-favorable future market conditions;

WHEREAS, current interest rates in the bond market are below 4.50 percent, creating the opportunity for the District to finance all or a portion of its unfunded pension liability and potentially reduce its costs;

WHEREAS, the Oregon Community College Districts Full Faith and Credit Pension Bond Program (the “Program”) is a structure whereby Oregon community college districts electing to participate in the Program (the “Participating Districts”) may simultaneously issue their full faith and credit pension bonds and, collectively, provide for the issuance, sale and delivery of Full Faith and Credit Pension Obligations, Series 2021 (the “Program Obligations”) representing proportionate interests of the registered owners of the Program Obligations in the aggregate amount of full faith and credit pension bonds of the Participating Districts; and

WHEREAS, the Program provides that each Participating District will be responsible solely for its obligations under its pension bond and/or bonds, and not for the obligations of any other Participating District under any other pension bond and/or bonds, except to the extent assumed as a surviving district; now therefore,

Section 2. Bond Authorized.

(1) The District hereby authorizes the issuance, sale and delivery of its Bond, in accordance with this Resolution and in an amount which does not exceed the amount necessary to produce net proceeds equal to the District’s Pension Liability as reported by the OPERS’s actuary as of the expected date of the lump sum payment, plus the costs of issuing and selling the Bond and the District’s allocated share of the costs of issuing and selling the Program Obligations.

(2) Bond proceeds shall be used to pay all or a portion of the District’s unfunded pension liability to OPERS and to pay costs of issuing and selling the Bond and the District’s allocated share of the costs of issuing and selling the Program Obligations. The District may direct that a portion of the Bond proceeds be directly paid to OPERS after closing and a portion be retained by the Program Trustee for payment to OPERS over time as directed by the District Official. The issuance of the Bond and participation in the Program shall not obligate the District to pay any portion of another community college district’s liability.

(3) The Bond shall be a “federally taxable bond” which bears interest that is not excludable from gross income under Section 103(a) of the Internal Revenue Code of 1986, as amended. Interest will, however, be exempt from Oregon personal income taxation.

(4) OPERS currently charges the District a rate of 7.20 percent per annum on its unfunded liability because that is the assumed rate of return that OPERS expects, over the long term, to earn on its investments. Issuing Bonds at a lower rate of interest and depositing proceeds at OPERS in a Side Account (“Side Account”) may reduce costs for the District if the rate of return on the Bond proceeds deposited in the Side Account exceeds the borrowing costs. To maximize the potential for the rate of return on the OPERS fund to exceed the rate of interest on the Bond, the Bond shall not be sold at a true interest cost of more than 3.50% per annum.

(5) The District Official shall compare the cash flows required to pay the Bond to the payroll rate credit currently estimated from the Side Account and determine a Bond structure which the District Official estimates will be advantageous to the District.

(6) The District Official is authorized to execute a letter to be sent to OPERS requesting the necessary payoff figures and to pay any fees required in connection therewith or, if such letter has been executed prior hereto, the Board hereby ratifies such action.

Section 3. Delegation.

The District Official may, on behalf of the District, and without further action by the Board:

(1) Participate in the preparation of, authorize the distribution of, and deem final any official statement or other disclosure documents relating to the Bond or the Program Obligations.

(2) Establish the final principal amount, Bond Payment schedule, interest rates, sale price and discount, prepayment terms, payment terms and dates, and other terms of the Bond.

(3) Negotiate the terms of, and enter into a bond purchase agreement which provides for the acquisition of the Bond by the Program Trustee and, if required, execute a letter of intent prior to the sale.

(4) Execute and deliver the Program Trust Agreement, which authorizes the Program Trustee to issue the Program Obligations, and any other agreements or documents which may be required for participation in the pension bond program.

(5) Execute and deliver the Bond to the Program Trustee, provided the Bond shall also be executed with the facsimile signature of the Chair of the Board of Education of the District.

(6) Undertake to provide continuing disclosure for the Bond and the Program Obligations in accordance with Rule 15c2-12 of the United States Securities and Exchange Commission.

(7) Apply for ratings on the Bond or the Program Obligations and purchase municipal bond insurance or obtain other forms of credit enhancements for the Bond or the Program Obligations, enter into agreements with the providers of credit enhancement, and execute and deliver related documents.

(8) Execute and deliver the Intercept Agreement and any related documents, including a certificate demonstrating that the State Education Revenues distributed to the District in each of the three most recently completed fiscal years are not less than two (2.0) times the average annual debt service on the Bond and any other outstanding pension bonds issued by the District under the Intercept Agreement..

(9) Execute and deliver any agreements or certificates and take any other action in connection with the Bond, the Program Obligations, the Intercept Agreement and OPERS administrative

rules which the District Official finds is desirable to permit the sale and issuance of the Bond and the Program Obligations in accordance with this Resolution.

Section 4. Security for Bond.

(1) The District shall pay the amounts due under the Bond from any and all of its legally available taxes, revenues and other funds as authorized by the Act. The District hereby pledges its full faith and credit and taxing power within the limitations of Sections 11 and 11b of Article XI of the Oregon Constitution to pay the amounts due under the Bond pursuant to ORS 287A.315.

(2) To provide additional security for the Bond, the District agrees to enter into the Intercept Agreement.

(3) In the event funds under the Intercept Agreement are insufficient or unavailable or the Intercept Agreement is not in full force and effect for any reason, the District shall make Security Payments to the Program Trustee in accordance with the terms of the Program Trust Agreement.

(4) This Resolution shall constitute a contract with the Program Trustee, and the owners of the Program Obligations shall be third-party beneficiaries of that contract.

Section 5. Prepayment.

The principal component of Bond Payments shall be subject to prepayment on the dates and at the prices established by the District Official pursuant to Section 3(2) and in accordance with the Program Trust Agreement.

Section 6. Covenants.

The District hereby covenants and agrees with the Program Trustee for the benefit of the owners of the Program Obligations as follows:

(1) The District shall promptly cause Security Payments and the principal, premium, if any, and interest on the Bond to be paid as they become due in accordance with the provisions of this Resolution and the Bond.

(2) The District covenants for the benefit of the Program Trustee to pay the Additional Charges reasonably allocated to it by the Program Trustee, in accordance with the invoices for such Additional Charges which are provided by the Program Trustee.

(3) To the extent permitted by law, the District covenants and agrees to indemnify and save the Program Trustee harmless against any loss, expense or liability which is reasonably allocable to the District and which the Program Trustee may incur arising out of or in the exercise or performance of its duties and powers under the Program Trust Agreement relating to the Bond, including the costs and expenses of defending against any claim or liability, or enforcing any of the rights or remedies granted to it under the terms of the Program Trust Agreement in connection with the Bond, excluding any losses or expenses which are due to the Trustee's breach of fiduciary duties, negligence or willful misconduct. The obligations of the District under this Section 6(3) shall survive the resignation or removal of the Program Trustee under the Program Trust Agreement and the payment of the Program Obligations and discharge under the Program Trust Agreement. The damages claimed against the District shall not exceed the damages which may be allowed under the Oregon Tort Claims Act, Oregon Revised Statutes Section

30.260, et seq., unless the provisions and limitations of such act are preempted by federal law, including, but not limited to the federal securities laws.

(4) The District covenants not to merge, consolidate or dissolve unless the District's Bond has been defeased or the obligation for payment of the Bond has been assumed by the successor entity.

Section 7. Amendment of Resolution.

The District may amend this Resolution only with the consent of the Program Trustee.

Section 8. State Intercept Agreement.

The District Official is hereby authorized to negotiate and enter into the Intercept Agreement with the State whereby appropriations from the State that would otherwise be paid to the District are diverted to the Program Trustee for the purpose of payment of debt service on the Bond. Any such agreement with the State does not relieve the District of its liability to make payments on the Bond.

Section 9. Default and Remedies.

(1) The occurrence of one or more of the following shall constitute an Event of Default under this Resolution:

(A) Failure by the District to pay Bond principal, interest or premium when due (whether at maturity, or upon prepayment after principal components of Bond Payments have been properly called for prepayment);

(B) Except as provided in Section 9(1)(A) above, failure by the District to observe and perform any other covenant, condition or agreement which this Resolution requires the District to observe or perform for the benefit of Program Trustee, which failure continues for a period of 60 days after written notice to the District by the Program Trustee specifying such failure and requesting that it be remedied; provided however, that if the failure stated in the notice cannot be corrected within such 60 day period, it shall not constitute an Event of Default so long as corrective action is instituted by the District within the 60 day period and diligently pursued, and the default is corrected as promptly as practicable after the written notice referred to in this Section 9(1)(B); or,

(C) The District is adjudged insolvent by a court of competent jurisdiction, admits in writing its inability to pay its debts generally as they become due, files a petition in bankruptcy, or consents to the appointment of a receiver for the installment payments.

(2) The District's failure to make Bond Payments or Security Payments constitutes an Event of Default as set forth above independently of whether or not the State complies with the provisions of the Intercept Agreement.

(3) The Program Trustee may waive any Event of Default and its consequences, except an Event of Default described in Section 9(1)(A).

(4) If an Event of Default occurs and is continuing the Program Trustee may exercise any remedy available at law or in equity; however, the Bond Payments shall not be subject to acceleration, and the District shall be responsible solely for its Bond Payments and any Additional Charges reasonably allocated to it.

(5) No remedy in this Resolution conferred upon or reserved to the Program Trustee is intended to be exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Resolution or now or hereafter existing at law or in equity, including allowing the State to withhold future payments. No delay or omission to exercise any right or power accruing upon any default shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. To entitle the Program Trustee to exercise any remedy reserved to it, it shall not be necessary to give any notice other than such notice as may be required by this Resolution or by law.

Section 10. Defeasance.

(1) The District may defease all or any portion of the Bond Payments in accordance with this Section 10. The District shall be obligated to pay any Bond Payments that are defeased in accordance with this Section 10 solely from the money and Government Obligations which are deposited in escrow pursuant to this Section 10, unless the amounts available in escrow are insufficient to make the Bond Payments. Bond Payments shall be deemed defeased if the District:

(A) irrevocably deposits money or noncallable Government Obligations in escrow:

(i) with an independent trustee or escrow agent which mature and pay interest in amounts which are calculated to be sufficient, without reinvestment, to make all the Security Payments associated with the Bond Payments which are to be defeased on their maturity dates, and to make any prepayments of Bond Payments described in Section 5 on the dates those prepayments are required to be made if any principal components of defeased Bond Payments are to be prepaid; or

(ii) with the Program Trustee, which mature and pay interest in amounts which are calculated to be sufficient, without reinvestment, to make when due all the Bond Payments which are to be defeased on their maturity or prepayment dates; and,

(B) provides irrevocable notice of any prepayments which are to occur in connection with the defeasance to the Program Trustee at least 50 days prior to the prepayment; and,

(C) files with the escrow agent or trustee an opinion from a Qualified Consultant to the effect that the money and the principal and interest to be received from the Government Obligations are calculated to be sufficient, without further reinvestment, to pay the Security Payments and prepayments of Bond Payments described in Section 10(1)(A).

(2) The District shall notify the Program Trustee promptly of any defeasance of Bond Payments.

Section 11. Rules of Construction.

In determining the meaning of provisions of this Resolution, the following rules shall apply unless the context clearly requires application of a different meaning:

(1) References to section numbers shall be construed as references to sections of this Resolution.

(2) References to one gender shall include all genders.

(3) References to the singular shall include the plural, and references to the plural shall include the singular.

Section 12. Effective Date.

This resolution shall take effect on the date of its passage by the District.
