ARTICLE 1 - RECOGNITION

A. BARGAINING UNIT DESCRIPTION

Umpqua Community College hereby recognizes the Umpqua CC Faculty Association affiliated with the Oregon Education Association and the National Education Association as the exclusive representative of all faculty of the College who work 0.68 FTE or more per academic year (Fall, Winter, Spring), including all employees who are assigned ILC classes, adult basic skill development (adult basic and secondary education) instructors, ESL instructors, librarians, counselors, and department chairs.

B. EXCLUSIONS TO UNIT

Specifically excluded from the bargaining unit are supervisory and confidential employees, division deans, part-time faculty (those working less than 0.68 FTE per academic year), classified employees, and instructors who teach community education classes exclusively.

C. DEFINITIONS

1. The term "Association" when used hereinafter in this agreement shall refer to the Umpqua Community College Faculty Association/OEA/NEA.
2. The terms "faculty," "faculty member," "member," or "employee" shall refer to all employees represented by the Association in the bargaining unit as defined above.
3. The term "College" shall refer to the Board of Education or designee.
4. The term "President" as used in this agreement means the chief executive officer of the college or a person acting in that capacity duly appointed and authorized by the Board.
5. The term "academic year" is the total time from the start of fall quarter through the end of spring quarter including the College's annual commencement.
6. The phrase "full-time faculty" shall mean a faculty member who is assigned 0.68 FTE or more for an academic year.

ARTICLE 2 - ASSOCIATION RIGHTS

A. COLLEGIALITY

The UCC Faculty Association and the UCC College Administration commit to creating a climate of effective communication and mutual respect. We hope that this leads towards a culture where all campus citizens are held in regard and treated with dignity and respect. A climate such as this also helps promote the success of students and serve the citizens of our region.

The UCC College Administration commits to seek advice and counsel from the UCC Faculty Association on matters that relate to individual faculty members and the UCC Faculty Association as a whole.

B. USE OF COLLEGE FACILITIES

The Association and its representatives shall have the right to use College Facilities for official union meetings. College facilities shall be scheduled in advance, following the regular College procedures, when they are required for such meetings. The Association may use the facilities without charge, except that it must pay for any specific extra costs, such as overtime for custodial employees that are incurred by the College because of the use.

C. TRANSACTION OF BUSINESS

Association business/meetings shall be transacted at such times that it will not interfere with the performance of the employee's regular duty.

D. USE OF MAIL AND E-MAIL

The Association may use the College's mail and e-mail service for communication. Email use will be for the purposes of professional communication and in accordance with UCC computer usage policies.

E. COLLEGE BOARD AGENDAS

The Association may suggest items to be placed on the agenda of each regular or special board meeting of the College Board of Education as long as those matters are made known to the College President at least two weeks prior to the board meeting.

F. PRESIDENT'S OPPORTUNITY TO SPEAK AT BOARD MEETINGS

The President of the Association or his/her designee may present a monthly presentation to the Board of Education at each regular Board meeting on relevant issues. Comments will be made with professionalism and a level of trust. This contractual right does not waive the Association's President or his/her designee from speaking during the public input portion of the Board's agenda.

G. ACCESS TO INFORMATION

The Association shall be furnished agendas, minutes, budget documents and other written materials falling within the provisions of the Oregon Public Records Law, ORS 192.410 et seq. and the Public Employee Collective Bargaining Act, specifically ORS 243.672 (1)(e).

H. BARGAINING UNIT ROSTERS

Within thirty (30) calendar days of the beginning of each fall term a report containing the names, addresses, and location of all bargaining unit members shall be provided to the Association. Within thirty (30) calendar days after the start of winter and spring terms, the Association will be provided a report containing all changes to the bargaining unit.

I. COMMITTEE REPRESENTATION AND PARTICIPATION

1. Committee Representation.

When faculty representation on College committees is customary or appropriate, the Association will appoint half of the full-time faculty named to the committee and the College President or designee will appoint the other half. An even number of full-time faculty will serve. The Association may suggest members to a task force if the task force has faculty involvement.

2. Committee Participation.

Faculty members shall serve on at least one College committee or task force per year; with the exception that first-year probationary faculty shall not be required to serve on any committee. A member may request through the appropriate Vice President that service on a College task force or state-level advisory committee meets this service requirement.

3. Faculty Related Selection Committees.

At least half of the members of faculty related selection committees will consist of faculty bargaining unit members. Faculty related selection committees are related to positions that have supervisory duties over faculty members.

Faculty selection committees will make a recommendation to the President but the President of Umpqua Community College reserves the right to reject or go outside of the recommendation with justification and consultation with the committee.

J. LABOR/MANAGEMENT COMMITTEE

The College and the Association shall establish a joint Labor/Management Committee composed of an equal number of College and Association representatives. The committee will meet monthly during the academic year for the purpose of discussing issues and concerns that could impact the College and/or Association bargaining unit members. Agreement, if any, shall not have contractual force or effect. The committee will not be a substitute for the grievance procedure.

K. ASSOCIATION BUSINESS

Whenever any representative of the Association or any faculty member participates in negotiations, grievance proceedings, meetings scheduled by the College Board or administration or other union activities in accordance with applicable law during regular work hours, the member shall suffer no loss in pay.

ARTICLE 3 - EMPLOYER RIGHTS

The Association recognizes that the College has the responsibility and authority to manage and direct and otherwise control, on behalf of the public, all of the operations and activities of the College. The College retains all rights and prerogatives not specifically restricted by this Umpqua Community College & Umpqua Community College Faculty Association

Collective Bargaining Agreement 2021-2022

Agreement. However, the Association maintains its right under ORS 243.698 if the College considers changing a mandatory subject of bargaining during the life of this agreement that has not been previously negotiated.

ARTICLE 4 - STRIKES AND LOCKOUTS

The Association agrees that during the term of this Agreement they will not participate in a strike, work stoppage, slowdown, or picket line observance which interferes with an employee's normal duties. The College agrees that during the term of this Agreement there will be no lockout of members of the bargaining unit.

ARTICLE 5 - ASSOCIATION DUES AND FAIR SHARE

A. DUES AND ASSESSMENTS

All employees covered by the terms of the Agreement may voluntarily join the Association as a member. The College shall deduct Association membership dues/assessments or equivalent voluntary "fair share" payments and related voluntary contributions in the amount determined by the Association from the paychecks of employees who individually authorize such deductions in writing to the Human Resources Office. Employees who authorize such deductions may revoke their authorizations by submitting written notice of revocation of authorization for deduction to the Human Resources Office.

B. PROCEDURES

1. Prior to the first payroll dues deduction of each new membership year, the Association shall provide the payroll office with the current membership dues/assessment rate schedule by category and FTE range for UCCFA and for OEA/NEA.
2. Deductions under Sections A shall begin with the October paycheck for new and continuing employees (or with employee's first paycheck if newly employed after the commencement of the academic year) and shall be made monthly while employed by the College for a maximum of nine (9) months annually. Each monthly deduction shall be equal to one-ninth (1/9) of the annual total for the applicable categories. Such deductions shall cease with the last monthly paycheck for any faculty member who terminates employment with the College.
3. The applicable deductions shall be transmitted to the UCCFA and to OEA monthly.

C. HOLD HARMLESS

The Association shall hold the College harmless from any claims against the College as a result of deductions paid to the Association.

ARTICLE 6 - EMPLOYEE RIGHTS

A. CRITICISM OF PERFORMANCE

Any criticism of performance, made by supervisors of employees' performance shall not be made in the presence of other employees and shall be shared only on a "need to know" basis, e.g. with persons in the employee's chain of supervision, human resources staff, or association representative, as required by law, etc. The College and Association further recognize that such criticism may be evidence in arbitrations and other legal proceedings.

B. JUST CAUSE FOR DISCIPLINE

Employees who have completed their probationary period shall not be reprimanded in writing, suspended without pay, demotion or terminated without just cause.

C. REQUIRED MEETINGS

Whenever any employee is required by the College to appear before any supervisor, administrator, or other representative of the College to be questioned concerning any matter which could lead to discipline, the employee will be notified in advance. Employees who request Association representation shall be entitled to have an Association representative present to advise and represent them during any such meeting in accordance with the parameters for representation rights established by the Employment Relations Board.

The right to Association representation does not arise when:

1. The employee is being given instructions, assignments, training or being informed of expectations.
2. The employee is being informed of disciplinary action, except for suspension, demotions, Plans of Improvement or terminations.

The College may, however, permit an Association representative to be present.

Such representation shall be provided by the Association within a reasonable period of time (normally no more than three (3) College business days after the employee is notified of the meeting during the employee's work year or as soon as available, if during a break period). Generally, legal counsel for the College and/or Association will not be scheduled to be present for such interviews. However, in the event the Association or College desires legal counsel to be present, the other party shall be notified in advance of the meeting to provide an opportunity for legal counsel for that party to also be present.

In the event the College is contemplating unpaid suspension, demotion, nonrenewal or termination of a non-probationary employee for performance or conduct related reasons, the employee will be given written notice of the basis for the contemplated action and the action being contemplated before a final decision is made. In the written notice, the employee will also be advised of their opportunity to attend a meeting to provide

information/reasons why the College should not proceed with the contemplated action and right to have an Association representative present in the meeting.

D. NONDISCRIMINATION

1. All practices, procedures and policies of the College shall clearly demonstrate that there is no discrimination in the hiring, assignment, or discipline of bargaining unit members or in the application or administration of this Agreement on the basis of race, color, religion, national origin, union activity, gender, age, marital status, disability, sexual orientation, association membership, or other protective status or protected activity in accordance with applicable law.
2. The College will not discriminate/retaliate against an employee because he/she makes a complaint, whether contractual or non-contractual.
3. Alleged violations of this Section (D) will not be pursued as a contract violation past Step 2 of the grievance procedure or as an ORS 243.672 (1)(g) complaint as an unfair labor practice to the Employment Relations Board if the employee has a remedy for the alleged violation under state or federal law.

E. PERSONAL LIFE

As citizens of the United States, employees are free to exercise all rights of citizenship, as defined by and in accordance with decisions of the state and federal courts, without institutional censorship, discipline or other interference.

F. NOTICE OF RESIGNATION

Employees desiring to terminate employment with the College are requested to notify their immediate administrator and the Director of Human Resources, in writing, and whenever possible, at least one (1) academic term prior to the requested effective date of the resignation.

G. COMPLAINT PROCESSING

1. Written and oral complaints.
The College will strive to investigate complaints regarding an employee that the College determines may have merit within a reasonable period. "Reasonable period" shall take into consideration the availability of witnesses and the investigator, the complexity of the investigation and other legitimate considerations. If the College determines there is merit (i.e. that the complaint could lead to discipline) the employee will be notified of the nature of the complaint and be given opportunity to respond to and/or rebut the information provided before a decision is made with regard to whether disciplinary or other corrective action will be taken.
2. Meeting with Complainant.
The employee or College administrator may request a meeting with the complainant(s). In such case, the College administrator in charge of processing the complaint will convey

that request to the complainant unless there are other reasons why such meeting should not be scheduled. The meeting will proceed at the option of the complainant(s). Regardless of the results of any meeting involving the complainant(s) and the employee, the College is not precluded from proceeding to disciplinary action (written reprimand, suspension, or dismissal) if there is just cause for discipline of a non-probationary employee or for any reason the College deems appropriate for the discipline of a probationary employee.

ARTICLE 7 - EMPLOYMENT STATUS

A. PROBATIONARY STATUS

1. The probationary period shall be for three (3) years with each year consisting of 3 academic terms.
2. Uninterrupted time spent in temporary status shall be counted toward probationary status if the employee is subsequently, without a break in service, hired into the same position.

B. REGULAR STATUS

Faculty members who completes three (3) academic years, as defined in A.1 above, in probationary status shall attain regular status unless they were notified of nonrenewal in accordance with Section E below.

C. GRANT STATUS

1. An employee whose position is funded greater than 0.5 FTE by sources other than general fund or tuition shall be considered to be on "grant status." However, if the majority of the funding for a position comes from individual tuition payments from students, an employee will not be designated "grant status" even if not included in the general fund.
2. During the year prior to expiration of a grant that the College wants to extend, or during the year prior to entering into any new grant-funded program, the College may propose number of work days for any persons to be employed under the grant who qualify for unit membership. The salary rate will be the faculty member's salary on the current salary schedule, but the College and Association will bargain under ORS 243.698 over actual number of days worked.
3. Grant status employees shall have all the rights and obligations of a bargaining unit member except those limitations expressly imposed by the terms of this Agreement.
4. An employee in "grant status" is not eligible to attain "regular status". However, an employee who has attained regular status prior to accepting an assignment designated as "grant status" shall retain his/her regular status and shall continue to accrue seniority.

5. For employment status purposes, it is understood that a self-support position funded by monies greater than 50% from outside sources/agencies (not from tuition reimbursement) is designated as grant status. A self-support position funded by monies less than or equal to 50% from outside sources/agencies is designated as general funded.

D. TEMPORARY OR TRIAL STATUS

1. A temporary employee, who fits the description of a bargaining unit member under Article I, is a person hired by the College to fill a vacated position caused by the absence (e.g., paid/unpaid leave, LTD, reassignment) of a regular or probationary bargaining unit member, or to fill a vacancy created after the start of the academic year by resignation, retirement or death. A trial status employee who fits the definition of a bargaining unit member under Article I is a person hired by the College to fill a trial position (new courses or programs are being introduced on a trial basis).
2. A temporary or trial status employee shall have all the rights and obligations of a bargaining unit member except as set forth in Article 11 Reduction in Force and those limitations expressly imposed by the terms of this Agreement.
3. A temporary employee shall be given a terminal employment contract for up to 12 months, which can be extended for an additional 12 months if the employee replaced goes on extended leave. Where a position has been permanently vacated before the first day of winter term, the College may fill it with a temporary employee for the rest of the academic year. If the position has been permanently vacated on or after the first day of winter term, the College may fill the position with a temporary employee for the rest of that academic year and the next academic year. A trial position can be filled with a trial status employee for up to two (2) years
4. When a vacancy, as defined in Article 9, or as defined above in Section D.1-3, occurs and if the temporary employee is selected to continue in the same discipline and they have served three (3) or more consecutive academic terms in that discipline, the temporary employee will be placed on second or third year probationary status, dependent on the number of terms worked, if the employee has provided satisfactory service.
5. If trial courses or programs, as described in Section D.1, are determined by the College to continue as regular offered courses or programs, and the trial status employee is selected to continue as a contracted employee, said employee will be placed on second or third year probationary status dependent on the number of terms worked.
6. A faculty member, who is given a temporary assignment outside his/her regular assignment and department, shall continue to accrue seniority within the bargaining unit and with their regular budgetary unit, and shall have the right to return to either his/her regular position if still available, or to an equivalent position at the end of his/her temporary assignment, subject to Article 11 – Reduction in Force.

E. PROBATIONARY STATUS NOTICE

1. A probationary employee may be non-renewed for any cause deemed in good faith sufficient by the College.
2. The College shall provide written notice of the renewal or nonrenewal decision to the employee no later than April 1.
3. A notice of nonrenewal shall be sent by certified mail to the employee's last known mail address or provided by personal service and shall include the reason(s) for the nonrenewal.
4. If the College fails to provide such timely notice of renewal or nonrenewal as provided in Section E-2 above, then an offer of continued employment shall be considered to have been made and the probationary employee may validate such offer by providing written notice to the College to be received by April 15.

F. TERMINATION OF EMPLOYMENT

1. The employment of a regular employee may be terminated only for just cause.
2. The employment of a probationary employee may be terminated only for just cause prior to the expiration of his/her individual contract.

G. COMPLETION OF EMPLOYMENT YEAR

Employees shall be considered to have completed a year of employment if they have been contracted for and have worked an academic year, as defined in A.1 of this Article at 0.68 FTE or more for that year.

H. JOB SHARE

1. With mutual written agreement with the College, a faculty member may job share a 1.0 FTE assignment at 0.68 FTE or greater for the employee, with the remainder of the assignment staffed by an adjunct employee(s). During the time of the job share assignment, the faculty member will continue full benefits, prorated salary and will maintain 1.0 FTE seniority status for reduction in force purposes. A faculty member on a job share has the option to return to a 1.0 FTE at the beginning of any academic year. Job share assignments will be renewed on a year-to-year basis upon mutual agreement between the College and the faculty member.

I. RELEASE FROM REGULAR ASSIGNMENT

1. Faculty members who are on full or partial release from their regular assignment by the College to work in another assignment in this bargaining unit shall continue to accumulate service credit for purposes of attaining regular status and seniority in their discipline/program for the length of the release time period.

2. Faculty members who are on full or partial release (reduced below 0.68 FTE from their bargaining unit position) from the bargaining unit shall not accumulate service credit for purposes of attaining regular status or seniority during the time of their release. Employees who are on release outside of the bargaining unit shall lose all service credit if the release is for more than the equivalent of two (2) academic years.

ARTICLE 8 - PERSONNEL FILES

A. MAINTENANCE OF FILES

The College shall maintain personnel files for each faculty member in the College's Human Resources Office. These files shall be the official repository of materials relevant to the faculty member's employment with the College, including but not limited to evaluations, letters of intent, commendations, letters or other materials deemed appropriate by the College. Documents that contain medical information, as well as materials that are obtained confidentially by the College during the **employing process, investigation materials and grievance processing** shall not be made a part of the official personnel file. All entries in the official personnel file must be dated and signed by the submitting party.

B. WORKING FILES

1. Nothing in this Agreement shall be construed to prevent or restrict immediate administrators from maintaining individual working files which shall be deemed personal to the administrators as part of their work product.
2. Materials from working files may only be used as evidence in proceedings when related to statements contained in the official personnel file on the date of the College's action.

C. PLACEMENT OF MATERIALS AND REBUTTALS

1. Except for documents returned to Human Resources by the faculty member and other routine materials and any other document already provided to the faculty member with a "cc: Personnel File" listed, the faculty member shall be notified within fifteen (15) working days of any and all other documents to be placed in the faculty member's personnel file.
2. The faculty member shall have the right to include in this file a written response to any materials placed in the file; such response shall be attached to the material to which it refers.
3. The faculty member may reasonably include in his/her personnel file any material or information considered germane to that member's career.

D. INSPECTION AND USE OF FILES

Personnel files, by appointment, shall be open for inspection by the faculty member, and such other persons as are officially designated by the College or the faculty member.

Information from working files shall be made available to the affected member during investigatory meetings that may lead to formal action.

E. REQUEST FOR COPY OF PERSONNEL FILE

The faculty member or his/her designee will be provided upon request one copy of his/her personnel file per academic year at no cost to the employee.

F. USE OF OFFICIAL FILE MATERIAL

Materials may be expunged from the official file by mutual consent of the College and the faculty member.

ARTICLE 9 - VACANT POSITIONS

A. DEFINITION OF VACANCY

A vacancy is defined as any bargaining unit position which management determines is going to be filled after being vacated by reassignment [greater than three (3) years], resignation, termination, retirement, or death; or any new bargaining unit position. If the responsibilities of the position continue, the vacancy of a full-time faculty can only be filled by a full-time faculty. If the full-time load decreases to that of a part time load, the position will change to a part time faculty position until such time the load increases. This provision shall not apply to temporary appointments of one (1) academic term or less, to new temporary positions with an anticipated duration of less than one (1) year, to new experimental positions of less than two (2) years in duration, to temporary replacement positions as described in Article 7, to specific reassignments of greater than three (3) years mutually agreed upon in writing by the College and the Association, or to bargaining unit positions which have been subject to a reduction in force.

B. POSTING OF VACANCY NOTICES

In the event of a vacancy as defined above, the College shall post notice of the availability of the position on the College web site. The notice shall include the required qualifications and the approximate date the position will be available. Posting shall be for a minimum of five (5) business days during the normal academic year and for fifteen (15) calendar days during the period between the end of the spring term and the beginning of the fall term.

C. SELECTION OF CANDIDATES

Faculty Search Committees will consist of no more than seven members – at least half of the members will be faculty with the majority coming from the department of the vacant position whenever feasible. However, nothing in this Agreement shall be construed to limit the right of the College to exercise its sole discretion in the hiring personnel.

D. FACULTY VACANCY COMMITTEE RECOMMENDATIONS

Faculty Search Committees will make a recommendation to the Provost. The Provost reserves the right to go outside of or reject the committee's recommendation after explanation and discussion with the committee.

ARTICLE 10 – EMPLOYEE EVALUATION PLAN

A. PURPOSE OF EVALUATION

Both the College and Association agree that the purpose of evaluation at Umpqua Community College will be the improvement of instruction and:

1. To identify specific strengths and provide for recognition of staff accomplishments;
2. To provide a staff member a means for identifying their growth and professional development;
3. To identify weaknesses in faculty performance, and correcting such weaknesses;
4. To help identify individual and in-service training requirements;
5. To contribute in making determinations regarding probationary employees;
6. To provide continuing documentation for pay and promotional actions or to determine whether an employee's employment should be continued.

B. EVALUATION PROCEDURES

Nothing in this Section shall be construed to limit the evaluative methods that may be used, or to prevent individual departments from developing independent methods so long as they are consistent with the purposes defined in this Article. The College is responsible for initiating the evaluation process. All employees shall be given notice setting forth the methods to be used prior to the evaluation.

1. Faculty and supervisor will jointly discuss evaluation techniques and methods to be used, and the timing and frequency of observations.
2. Copies of evaluation and observation notes and records will be given to faculty prior to placing in any file and shall be afforded the opportunity to respond in writing to any evaluations made. If the employee chooses to respond, then the response will be attached to the evaluation and placed in the personnel file.
3. Faculty has the right to representation at any evaluation/Plan of Improvement meeting.

4. Faculty has the right to grieve procedural violations using the grievance procedures described in Article 23.
5. Student evaluations shall not be the sole or primary method of evaluating employee performance.
6. When the faculty member receives the evaluation report, he/she shall sign or initial it. Initialing or signature acknowledges receipt only and does not necessarily constitute agreement by the member in the evaluation.

C. STUDENT AND PEER EVALUATION

To assist faculty in identifying their professional strengths and weaknesses, student and peer evaluations are encouraged. Copies of these evaluations will be made available to the employee.

D. PROBATIONARY EMPLOYEE EVALUATION

1. The employee shall be provided a written job description, access to guidelines for evaluations and a full-time faculty handbook as early as possible during the first term of employment.
2. The employee shall be evaluated at least once per year within the first three (3) years of employment. At the employee's request, additional evaluations may occur.
3. A written report of the evaluation process and results will be provided to the instructor by the supervisor. Any areas that require improvement will be identified in this report, as will suggestions for strengthening performance. In the event that significant improvement is needed, the employee will be placed on an improvement plan as outlined in Section F to provide an opportunity for the employee to improve performance.
4. If an employee is placed on a plan of improvement, the employee will be given a minimum of sixty (60) calendar days to meet the expected level of performance. This period may be extended by mutual consent in thirty (30) day increments to a maximum of one hundred twenty (120) calendar day's extension, for a total maximum of one hundred eighty (180) calendar days. If necessary, the April 1 date for non-renewal shall be extended until the end of the plan.
5. Failure to meet the expected level of performance may lead to non-renewal or dismissal in accordance with Article 7.

E. REGULAR EMPLOYEE EVALUATION

1. Regular employees will be evaluated once every five years after attaining regular status. However, a regular employee may be evaluated prior to their fifth year in accordance with Section B above if there are documented performance concerns.

2. Student and peer evaluations may be used as a means of identifying strengths or weaknesses in performance, and to trigger further evaluation and corrective action when appropriate but shall not be used in any proceeding that involves disciplinary action, termination, or non-renewal.
3. For instructors teaching in both online and face-to-face modalities, evaluation will include both modalities.
4. These evaluations may consist of a selection of any of the following methods to be chosen by the employee and supervisor:
 - a. Small Group Instructional Diagnosis (SGID);
 - b. Class visits by supervisor;
 - c. Video and discussion with supervisor;
 - d. Self-evaluation;
 - e. Student evaluations (may include student ratings, questionnaires, or follow-up surveys);
 - f. Discipline-related work experience;
 - g. Professional growth plan;
 - h. Review of course materials with supervisor;

 - j. Other methods mutually agreed upon by the employee and supervisor.
5. If, following an evaluation, the College determines that the performance of an employee who has attained regular status is substandard (for instance, when an employee has received an evaluation rating of "Need of Improvement"), the following procedure shall be followed to provide an opportunity for the employee to improve performance: (See also Section F below)
 - a. The employee's immediate supervisor shall meet with the employee, at which time the employee will be informed in writing of the deficiency and the level of performance expected of the employee.
 - b. The immediate administrator shall suggest methods of improvement to correct the deficiencies identified under paragraph (a).
 - c. If an employee is placed on a plan of improvement, the employee will be given a minimum of sixty (60) calendar days to meet the expected level of performance. This period may be extended by mutual consent in thirty (30) day increments to a maximum of one hundred twenty (120) calendar day's extension, for a total maximum of one hundred eighty (180) calendar days.
 - d. Normally, plan(s) would be extended to coincide with the end of a regular academic term. Whenever four (4) or more standards need improvement, the College may prioritize the plan into two sequential parts. Satisfactory progress, or completion, of part one will then lead to part two. In this case, each part will have its own timelines

subject to Section 3.c. Both parts of the plan must be satisfactorily completed. Unsatisfactory progress or completion of part one may lead to Section 3.f.

- e. Once the employee has met the level of performance outlined in Section 3.a, the immediate supervisor will notify the employee and the improvement plan shall be discontinued.
- f. Employees who fail to meet the expected level of performance may be terminated in accordance with Article 7.

F. IMPROVEMENT PLAN

A faculty member receiving a “Need for Improvement” rating in conjunction with Section E.3 above shall be required to participate in an opportunity to become more effective through an Improvement Plan. The administrator presenting the Improvement Plan must inform the member of their right to representation by the Association. The employee may then inform the Association of and seek assistance from the Association on the Improvement Plan. The Association may request, upon approval of the member, a copy of the Improvement Plan. Further, the employee shall have the right to representation by the Association, upon request, at any and all meetings called by the College concerning an Improvement Plan. The employee shall arrange for representation so that meetings regarding the plan shall not be unreasonably delayed.

1. Each area in which a “Need for Improvement” is identified on the performance rating will be considered in developing the Improvement Plan. A timeline will also be included.
2. The following are some methods which may be utilized in implementing the Improvement Plan. This list is not intended to be exclusive.
 - a. Consultation with colleagues for purposes of assistance in problem areas.
 - b. Reassignment of duties to facilitate improvement.

 - b. Expectation(s) for each standard.
 - c. How satisfactory achievement of each standard will be determined (all standards must be measurable).
 - d. Suggestion(s) for achieving each standard.
 - e. Monitoring, assistance, and feedback to be provided by the supervisor. As each

standard is achieved during the plan, said standard will be identified as being met and will be removed from the plan.

ARTICLE 11 - REDUCTIONS IN FORCE

A. DEFINITIONS

1. Reductions in Force.

- a. For purposes of this Article, a reduction in force is a reduction in bargaining unit filled positions or a reduction in an employee's workload made necessary by a lack of financial resources, low enrollment, or as a result of technological changes. If a reduction in force is necessary, then reduction of personnel or reduction of an employee's workload shall be applied as set forth below.
- b. The entry level workload FTE for new employees hired below 1.0 FTE shall be considered their base FTE for this article. If, however, the employee's FTE is increased above their base level for more than one (1) consecutive academic year, the employee's base will then be considered the new higher FTE level or the average if the subsequent two year's FTE are not the same.

2. Affected Unit.

An affected unit is the academic discipline or program into which the employee is currently assigned.

3. Seniority.

- a. Seniority is the length of continuous service in the full-time bargaining unit from most recent date of employment. Seniority shall not be broken by approved leaves of absence or transfer to a non-bargaining unit assignment with the College which is of two (2) years or less in duration.
- b. Employees who are employed by the College outside the bargaining unit shall not accrue seniority while they are outside the bargaining unit. In any case, if they remain outside the bargaining unit for more than two (2) consecutive years, they shall relinquish all seniority rights.
- c. An employee with experience in more than one affected unit shall be considered to have seniority in any unit where he/she has two (2) consecutive years of full-time work experience within the last five (5) years.
- d. An employee in a discipline/program area who subsequently takes grant funded assignment in the same discipline/program area shall maintain and continue to accrue seniority in the discipline/program area from their original date of hire.

B. COLLEGE PRELIMINARY NOTICE

1. As soon as reasonable after the College administration determines that a reduction in force may be necessary, but prior to any College Board action authorizing implementation, the College shall schedule meetings with the Association and such

employees as the Association and the College invite to discuss and consider alternative actions (such as reassignment within the affected unit, transfer to another unit, or retraining).

2. If, after such meetings occur, as described in B.1 above, the College proceeds with Board action for implementing retrenchment of employees, the College shall schedule a meeting with the Association to discuss implementation procedures.

C. ORDER OF REDUCTION IN FORCE

1. Adjunct faculty will be eliminated before any member is laid off if the member is qualified to fill the adjunct position(s) in that academic/discipline/program.
2. If, after Section C.1 is concluded, the College determines that layoffs are necessary, the affected personnel and the Association shall be notified, and reductions in force shall be made as circumstances require.
3. Layoffs shall be made in inverse order of seniority, provided the remaining employees have the necessary qualifications to teach the remaining courses and/or perform the remaining duties (for non-instructional employees). An employee is qualified if they meet the minimum qualifications as normally would be required of new hires or have taught the remaining courses within the last thirty (30) months.
4. At no time will a full-time member be reduced in force and be replaced in that academic/discipline/program by adjunct faculty.

D. REASSIGNMENT CONSIDERATION

1. A faculty member who is to be laid off shall have first right of assignment (with the exception of any member(s) of that department/program/discipline who is on the recall list) to any vacancy, as defined in Article 9, in any other department/program/discipline where the faculty member is qualified, as defined in C.3 above.
2. A Faculty member who is reassigned or transferred may be required to complete specified activities in a reasonable, specified period of time for the purpose of more completely equipping themselves for their new assignments. Article 22 shall not apply to this situation. Costs associated with such retraining shall be borne by the College.
3. The specified activities for affected employees shall be determined by the appropriate administrator after conferring with the members of the employees' new department(s). These activities shall be determined only after an examination of the academic preparation, previous experience, and other background of the persons affected.
4. Qualifications for positions shall be no more than what would normally be required of new hires.

5. A faculty member who subsequently takes an assignment, as described in this section, shall continue to accrue seniority in their previous discipline/program for the first two years in the new assignment. After that time, the faculty member will have all past seniority transferred to their new assignment.
6. If, during the two years of employment in the new position, a vacancy or new position occurs in the employee's previous discipline/program, the faculty member will be provided the choice of returning to their previous position or remaining in their current position, except if the faculty member no longer maintains the licensure required by the job description.

E. FINAL NOTICE TO EMPLOYEES

Employees shall be informed about the proposed reductions in force and the extent of their rights by being provided a copy of this Article. Affected employees may submit alternative proposals to the appropriate administrators.

1. Regular employees who are subject to a reduction in force shall be given written notice ninety (90) calendar days prior to the effective date of the layoff.
2. Probationary employees who are subject to a reduction in force shall be given written notice sixty (60) calendar days prior to the effective date of the layoff.
3. The effective date is defined as the employee's last day of employment.

F. RECALL PROVISIONS

A general fund employee affected by reassignment, transfer, or a reduction in force shall have recall rights within an affected unit for thirty (30) months and shall be recalled in inverse order of being reassigned, transferred, or laid off provided they are qualified to perform the assignment to which they are being recalled.

1. Nothing in this Section shall preclude the College from offering a laid off employee another position at the College for which the College determines they are qualified. In such a case, the provisions of Article 11 would not apply.
2. Upon the member's application, the College will consider the recall and reassignment or transfer to vacant positions which become available in the bargaining unit during the recall period. The training requirements and guidelines in Section D of this Article could also apply to this situation.
3. Qualifications for recall shall be no more than what would normally be required of new hires.

4. Notice of recall shall be sent by certified mail to the most recent mailing address provided by the employee to the College.
5. An employee declining recall to a position of the same or greater salary as the position which he/she originally had shall forfeit further recall rights. A faculty member, who accepts a position of less FTE and/or salary enjoyed prior to layoff, shall retain all recall rights from the time of original layoff.
6. An accepted assignment at any percentage level and for any time period which then expires during the initial thirty (30) month recall period shall extend the recall period. The extension will be at the same percentage level and the same time period as the accepted assignment provided that:
 - a. There is a maximum of two funding sources or tracks i.e., initial funding source or track and recall funding source or track.
 - b. There is a maximum of two (2) additional years of recall for a total maximum of four (4) years of recall.
7. Unless called to a grant funded position, a recall at the same percentage level and in the same funding source as the original position constitutes a return to the employee's original status.
8. A faculty member who is laid off may submit a list of courses that they are qualified and desires to teach within the member's subject area, offered by the College. The College will grant the faculty member's request prior to assigning the course(s) to adjunct faculty. Such right will continue for the length of the member's recall period, and any refusal by the member shall not waive their recall rights.

G. RIGHTS OF EMPLOYEES IN GRANT PROGRAMS

1. A grant status employee whose position has been terminated or reduced due to discontinued or reduced funding shall:
 - a. be reduced in force by inverse order of seniority by grant, provided the remaining employees within that grant have the necessary qualifications to teach the remaining courses and/or perform the remaining duties; and
 - b. have recall, in order of seniority, to the same or similar position within that grant and, if the discontinued or reduced grant program is reinstated. Such recall rights shall extend for thirty (30) months after the effective date of the employee's layoff or reduction in workload. Seniority shall be based on length of unit employment with the College. Recall extensions shall be made provided that:
 - i. an accepted assignment in the same grant as the original assignment which then expires during the employee's initial 30-month recall period shall extend the recall period. The extension will be at the same percentage level and for the same time period as the accepted assignment; and,

- ii. there is a maximum of two (2) additional years of recall extension for a total maximum of four (4) years of recall.
 - c. return to the employee's original status when recalled at the same percentage level and in the same funding source as the original position.

In that event, the College and faculty member will agree on the number of ILCs in the normal workload that are replaced by this assignment. In the case of music and theater, this agreement will be reached, if practicable, by the end of the previous academic year.

Advisees will not be assigned until training has been completed. Training will be provided during the faculty member's normal work year.

Faculty will advise up to 15 advisees. Any new full-time faculty will not advise students their first year but will complete advisee training and be mentored by an experienced faculty advisor.
