Overview

Fall Enrollment Overview

The Fall Enrollment component collects student enrollment counts by level of student, enrollment status, gender and race/ethnicity. In addition, first-time student retention rates and the student-to-faculty ratio are collected. Every other year data on residence of first-time undergraduates is required and in opposite years, enrollment by student age is required to be reported.

Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report Fall enrollment as of the institution's official fall reporting date or October 15. Institutions operating on a calendar that differs by program or that enrolls students on a continuous basis (referred to as program reporters) report Fall enrollment as students enrolled any time during the period August 1 and October 31.

Data Reporting Reminders:

- Institutions must continue to report using the new race/ethnicity categories. Using the new race/ethnicity categories was first required in last year's Spring 2011 collection.
- Part B, Enrollment of students by age, is **required** this year.
- Part C, Residence of first-time degree/certificate-seeking undergraduates, is **optional** this year.

Part E - First-Time Student Cohort Retention Rates (Full-time)

Retention Rates

Full-time, First-time Degree/Certificate-Seeking Cohort from Fall 2010

The Fall 2010 cohort is preloaded based on data reported in the prior year Fall Enrollment survey component.

Academic reporters report retention data as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2010 and retention based on August 1, 2011.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

Retention Data Reporting Reminders:

- Include only **full-time, first-time degree/certificate-seeking** students in this cohort.
- Determine full-time using Fall 2010 attendance status (e.g. if a student was full-time in Fall 2010, report them in the full-time cohort regardless of Fall 2011 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E2) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g. Peace Corps); or to serve on official church missions.

E5 Full-time, first-time Fall 2010 cohort retention rate (line E4 / line E3)		<input type="text" value="40"/> %	57 %

You may use the space below to provide context for the data you've reported above.

These context notes will be posted on the College Navigator website, and should be written to be understood by students and parents.

This data does not include students that successfully transferred to another 2 or 4 year college. National Student Clearinghouse matches are not done until the spring of the following year to give students that elect to transfer time to accomplish the transfer. Only the very few students who have earned significant dual credit while completing high school have the opportunity to graduate with an Associate degree within 1 year of entering college. The average time to earn an Associate level degree is 6 calendar years reflecting the reality that non-traditional students must work through family, job, and other issues on their journey to graduation and/or transfer on to a 4 year college or university.

Part E - First-Time Student Cohort Retention Rates (Part-time)

Retention Rates

Part-time, First-time Degree/Certificate-Seeking Cohort from Fall 2010

The Fall 2010 cohort is preloaded based on data reported in the prior year Fall Enrollment survey component.

Academic reporters report retention data as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2010 and retention based on August 1, 2011.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

Retention Data Reporting Reminders:

- Include only **part-time, first-time degree/certificate-seeking** students in this cohort.
- Determine part-time using Fall 2010 attendance status (e.g. if a student was part-time in Fall 2010, report them in the part-time cohort regardless of their Fall 2011 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E7) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g. Peace Corps); or to serve on official church missions.

Summary**Fall Enrollment Survey Summary
Less-Than-Four-Year Institutions**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution's CEO in November 2012.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.
