Fall Enrollment 2020-21

User ID: P2102701

Overview

Fall Enrollment Overview

The Fall Enrollment component collects student enrollment counts by level of student, enrollment status, gender and race/ethnicity. In addition, first-time student retention rates and the student-to-faculty ratio are collected. Enrollment by age is required in odd-numbered years, and enrollment by residence of first-time undergraduates is required in even-numbered years.

Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report Fall enrollment as of the institution's official fall reporting date or October 15. Institutions operating on a calendar that differs by program or that enrolls students on a continuous basis (referred to as program reporters) report Fall enrollment as students enrolled any time during the period August 1 and October 31.

Data reporting reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2020-21 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.
- Part B, Enrollment of students by age, is **optional** this year.
- Part C, Residence of first-time degree/certificate-seeking undergraduates, is **required** this year.
- For reporting students studying in consortium agreements, please refer to the Resource page at <https://nces.ed.gov/ipeds/report-your-data/data-tip-sheet-reporting-data-consortium-institutions>.

Part E - First-Time Student Cohort Retention Rates (Full-time)

Retention Rates - Full-time, First-time Degree/Certificate-Seeking Cohort from Fall 2019

The Fall 2019 cohort is preloaded based on data reported in the prior year Fall Enrollment survey component.

Academic reporters report retention data as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2019 and retention based on August 1, 2020.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

Retention Data Reporting Reminders:

- Include only **full-time, first-time degree/certificate-seeking** students in this cohort.
- Determine full-time using Fall 2019 attendance status (e.g., if a student was full-time in Fall 2019, report them in the full-time cohort regardless of Fall 2020 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E2a) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g., Peace Corps); or to serve on official church missions.
- Report in the inclusion box (line E2b) first-time bachelor's-seeking study abroad students who were excluded from the first-time cohort (line E1) but who have re-enrolled at the institution their second year.

FULL-TIME, FIRST-TIME COHORT RETENTION:		Preloaded cohort		Prior year data (Fall 2018 cohort)

 The notes below provide context for the data you've reported above and **may** be posted on the College Navigator website. Choose one option that best explains your data or choose "Non-applicable" if you do not wish to provide context notes. If none of the options provided explain your institution's data, then choose "Other" and write your own context notes. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Part E - First-Time Student Cohort Retention Rates (Part-time)

Retention Rates - Part-time, First-time Degree/Certificate-Seeking Cohort from Fall 2019

The Fall 2019 cohort is preloaded based on data reported in the prior year Fall Enrollment survey component.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

Retention Data Reporting Reminders:

- Include only **part-time, first-time degree/certificate-seeking** students in this cohort.
- Determine part-time using Fall 2019 attendance status (e.g., if a student was part-time in Fall 2019, report them in the part-time cohort regardless of their Fall 2020 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E7a) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g., Peace Corps); or to serve on official church missions.
- Report in the inclusion box (line E7b) first-time bachelor's-seeking study abroad students who were excluded from the first-time cohort (line E6) but who have re-enrolled at the institution their second year.

Summary

Fall Enrollment Survey Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2020.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Fall Enrollment

Source	Description	Severity	Resolved	Options
Screen: Part A - Fall Enrollment by Distance Education Status				
Screen Entry	All undergraduate non-degree/non-certificate-seeking students exclusively enrolled in distance education courses are not expected to be reported under the same location category. Please correct your data or explain. (Error #6171)	Explanation	Yes	
Reason	39 of these students are high-school students from local high schools enrolled in creditable courses prior to high school graduation. The other three students are college students with Oregon addresses on file. (Part A - Distance Education Status 2 - Line 1)			
Related Screens	Distance Education Status 1, Distance Education Status 2			
Screen: Part C - Residence of First-time Undergraduates				
Screen Entry	Typically, more than 20% of first-time undergraduates enroll within 12 months of completing high school or receiving their GED. In Part C, your institution reported (65) of students having enrolled within 12-months of graduating high school or receiving their GED. This is less than the 20% of total first-time degree/certificate-seeking students expected. Please correct your data or explain. (Error #6203)	Explanation	Yes	
Reason	388 of these students (58%) did not provide a high school graduation date on their application and could not be evaluated for inclusion in the "enrolled within 12 months of completing high school" count reported to IPEDS. (Part C. < 20% in 12 months)			
Related Screens	First-time Residence 3			
Screen: Part E - First-Time Student Cohort Retention Rates (Part-time)				
Screen Entry	The part-time, first-time cohort reported in Part E (346) is outside the expected range when compared with the preloaded cohort of part-time, first-time degree/certificate-seeking students reported in the prior year Fall Enrollment survey. Please correct your data or explain. (Error #6804)	Explanation	Yes	
Reason	As part of our work to align the methods used to collect data across all IPEDS survey components, an update was made to the Fall Enrollment code, improving its ability to identify first-time students. Because of the code update, this count increased. (Line E6)
