Like many institutions, UCC has noticed our students' increased borrowing. Given our low tuition costs, we find this trend to be very concerning. We do not want our students to be overly burdened with loan debt when they graduate. And because loans add up quickly, the debt you take on may be more than you can handle by the time you graduate and repayment begins. We ask you to carefully consider the amount you need to borrow.

➔ (The Federal maximum loan limit when pursuing a four year degree is \$57,500. UCC strongly suggests a borrowing limit that is half of the federal maximum by graduation.) Requests for subsidized and unsubsidized loans will not be considered without your current loan debt, payment amounts and budget. I understand this adjustment may result in a new loan number being issued which may have separate repayment obligations.
